

Oakland and vicinity—To night and Friday partly cloudy and unsettled; moderate westerly winds.

PLEA FOR HIS NATION MADE BY MEXICAN

Oakland Business Men Asked by Visitors From Southern Republic to Aid in Recognition of Obregon Regime

Banquet Is Tendered Travelers, at Which Friendly Feeling Was Kept to the Fore

Senor Fernando Leal Novelo, president of the Confederated Chambers of Commerce of Mexico, made a dramatic plea for this nation's recognition of the Obregon government and expressed the hope that cordial relations between the sister republics and California under the United States in the course of an address delivered last night before a gathering of Eastbay district business and professional men at Hotel Oakland.

At the conclusion of his address Senor Novelo pressed together American and Mexican emblems and enthusiastically predicted the time was not far distant when the two nations would be linked together. The speaker's remarks were delivered in Spanish and were translated by Albert Macarenas, Mexican consul general at San Francisco.

BUSINESS MEN TO BE POSTED

Consul General Macarenas, a graduate of Santa Clara University, made a plea for a United States "from Alaska to Patagonia—An America for all Americans." He also announced that under his administration of the consulate all American business men would be kept posted on conditions in Mexico and given every assistance in transacting business in his country.

The dinner was accorded Senor Novelo and nine other prominent Mexican citizens representing the Confederated Chambers of Commerce who are touring America in order to establish closer contact between the two nations.

A prediction that Washington soon would see the wisdom of recognizing the Obregon administration was made by J. R. Knowland, first vice-president of the Oakland Chamber of Commerce, who added that it was subject that sooner or later must come before the Oakland organization for consideration.

MEXICAN COURTESY WARMLY PRAISED

Knowland commented on the unusual degree of courtesy that had been accorded the delegation of bay region businessmen when they toured Mexico and pointed out that President Obregon personally conducted the visitors over the palace and aided them in investigating general conditions in Mexico.

The speaker said he was satisfied Mexico had a stable government and that this nation and the other nations could work in perfect accord.

Joseph H. King, president of the Oakland Chamber of Commerce, welcomed the party and Dr. George C. Pardee, who presided at the dinner, spoke for Governor Stephens and Mayor Davis in extending congratulations of the state and city.

Dr. Pardee's remarks brought forth a series of "Amigos" from the Mexicans.

Captain A. W. Lewis, a veteran of the Boer war, who is a resident of Berkeley and conducts an importing and exporting business in Mexico City, assured the diners that twenty years' experience in the south had convinced him of the business integrity of the Mexicans.

He added that the country was now in a more settled condition than at any time since Porfirio Diaz was deposed.

SPEAKER URGES AFFILIATION

V. H. Pickeny, at present residing in Oakland, but who spent considerable time in the southern republic, spoke on what he had concluded from his observations, declaring that conditions were propitious for further friendly affiliation between the two countries.

The commission as a body and individually declared the Oakland reception to be the most delightful since the Mexicans left their home country. They were especially cheered when they stepped into the blue room of the Hotel Oakland for the dinner to be met with an array of Mexican flags. It was the first time they had seen their national emblem since starting their tour.

Following the dinner the Mexicans were escorted to their private car at the sixteenth-street station by a committee consisting of J. R. Knowland, Dr. George C. Pardee, G. A. Fletcher, G. A. Bahler, Roy G. Thompson, W. O. Morgan, A. R. F. Brandes and J. H. King. As the Mexican party pulled out, the Oakland men were showered with Mexican cigarettes.

GOOD RESULTS ARE PROMISED

The tour of the San Francisco bay region, according to members of the delegation, will be productive of results in establishing closer business relations between this country and the Mexican republic.

SAILORS KIDNAPED AFTER BATTLE ON OAKLAND SHIP

Two of Men Captured on Freighter Willpolo Are Left on Alvarado Marsh

A search is being made today on both sides of the bay for the members of a raiding party, numbering about 40 men, which boarded the freighter Willpolo, Captain F. E. Falkenberg, about 9 o'clock last night at Howard Company's dock, kidnapping several of the newly hired crew and beating others, following a dispute over wages. Two of the kidnaped seamen, who gave their names as J. G. Baird Jr. of Charlotte, N. C., and J. H. Sullivan of Boston, were found early today in a swamp near Alvarado, six miles north of San Jose, where they had been taken in an automobile by their abductors.

Able Seaman Quincy Wright, another of the kidnaped men, escaped from his abductors at the dock, and a fourth member of the crew, J. R. Jones, a deck boy, who was struck

at the Howard dock, kidnapping several members of the newly hired crew on board the Willpolo for bruises and lacerations of the jaw and lower lip.

J. G. Baird and John H. Sullivan, two other members of the crew, were beaten into unconsciousness. George Owen, a deck boy, escaped. The Willpolo is bound from New York to Vancouver and the crew with which the ship started from New York was replaced here, when the old crew was paid off following an adjustment before the shipping commission by a wage dispute.

Chief Officer W. A. Roehford, aboard the ship last night when the raid occurred, said that he did not recognize any members of the party. According to Roehford one of the men, who appeared to be the leader,

Rancher Kills Woman, Child, Takes Own Life

LODI, Cal., March 10.—Officers claim jealousy was the cause of a double murder and suicide near here some time last night on the Guggolz ranch, when Y. Yamauchi, rancher, shot and killed Mrs. Magdalena Loney, a widow, and her 5-year-old daughter, Adeline, and then ended his own life with a bullet. The bodies partly disrobed were found this morning by George Holstein, Mrs. Loney's son.

Another son, Ray Holstein, states that Mrs. Loney had shown a friendly interest in the Japanese and had visited his house occasionally. Holstein declares that the Japanese had seemed jealous of Mrs. Loney and they had been warned to keep away from her.

LODI WOMAN FOUND STABBED TO DEATH

STOCKTON, March 10.—Mrs. J. W. Rathbun, aged 50, was found dead in her night clothes three miles out of Lodi early today. She had been stabbed and terribly beaten. The body was lying about 200 yards from the house. The woman had evidently been overtaken and stabbed and beaten to death, as she died.

There were signs of a violent struggle in the house. The stove was partly overturned, there were bloodstains on the floor and the dining room was in a state of general disorder.

Her search has been instigated for her husband, who is missing. It is said that the couple quarreled frequently. Some time ago Mrs. Rathbun had her husband arrested on a charge of disturbing the peace but they patched up their differences and continued to live together.

The dead woman had lived near Lodi on a ranch for many years. Deputy sheriffs and Lodi officers are taking part in the search for the missing husband.

Attorney-General Freeling included this charge in his statement to the jury this afternoon. Clara Hamon was dressed in a simple blue tailored suit and wore a sailor hat and satin pumps.

Two little blocks of stone, different parts of the court were reserved for the relatives of Jake Hamon and Clara.

These relatives of Clara were present at the trial: Jimmie Smith, her brother; her parents Mr. and Mrs. James Smith of El Paso; Claude Smith, another brother; and Uncle Ben Harrison.

Mrs. Jake L. Hamon sat across the table today from the woman she accuses of breaking up her home and murdering her husband.

PANAMANS ASK LEAGUE TO HALT U. S.

Latin Republic Is Incensed at White Award Over Land in Dispute With Costa Rica; Protest Notice Is Given

Insistence On Withdrawal of Troops Angers Panama; U. S. Is Accused of Showing Partiality in Its Decision

BY UNITED PRESS. LEADS WIRE TO TRIBUNE. GENEVA, March 10.—The republic of Panama, through foreign Minister Garay, today appealed to the league of nations against the demand of the United States that she accept the territorial award of Chief Justice White.

Garay said that if Panama's refusal to accept the award as hurtful to the pride of the United States, the latter cannot mediate impartially between Panama and Costa Rica, he will submit the matter to the league's international court.

BY UNITED PRESS. LEADS WIRE TO TRIBUNE. WASHINGTON, March 10.—Panama has informed the United States it will not recognize the award of the Coto territory to Costa Rica, made by Chief Justice White of the supreme court.

This was Panama's answer to the American note of warning that hostilities with Costa Rica over the disputed territory must cease, that the White award must be lived up to. The Panamanian answer was made public at the state department today.

The Panamanian note also reserves the right of Panama to claim an indemnity from Costa Rica for the invasion of Panama.

BY INTERNATIONAL NEWS SERVICE. LEADS WIRE TO TRIBUNE.

WASHINGTON, March 10.—Panama has withdrawn her troops from the territory in which the recent troubles with Costa Rica arose and the difficulties are now on the way to settlement, the State Department announced today.

State Department officials stated that the action of Panama settled the fundamental difficulties between the two nations and it is believed that the matter can now be settled by negotiation.

Filipinos Armed With Bolos Murder Four

MANILA, March 10 (By Associated Press).—Four Filipinos were killed and eleven wounded by a band of Filipino mountaineers, armed with bolos, who raided a cockpit 300 miles southeast here according to advices reaching here today.

The band was led by Pedro Nayo, who, after consuming quantities of liquor, invaded the pit during the progress of a cock-fight and killed the mountaineers using bolos.

The band was led by Pedro Nayo, who, after consuming quantities of liquor, invaded the pit during the progress of a cock-fight and killed the mountaineers using bolos.

ALLIES TRY TO SOLVE Near East Problems

BY WILLIAM D. MALDAR, International News Service Staff Correspondent.

LONDON, March 10.—Great Britain, France and Italy again faced the Near East problems today. The Turkish delegates were received at the foreign office by Premier Briand of France, Earl Curzon, the British foreign secretary, and Count Sforza, the Italian foreign minister.

They discussed the possibility of concessions to the Turks in the Seven treaty, including amending of provisions covering the Dardanelles and Bosphorus; evacuation of Smyrna by the Greek army and assistance to reorganize the economic and financial affairs of Constantinople.

At the same time Premier Lloyd George received the Greek delegation, which had been strengthened to include former Premier and War Minister Countouris.

HARDING IS LOSER IN HIS SENATE BOUT

Progressives Force Postponement of Any Action on the Colombian Treaty Until the Special Session in April

France Reported Preparing a Plan of Modified League of Nations for the Approval of White House Officials

WASHINGTON, March 10.—The Senate today postponed action on the Colombian treaty until the extraordinary session of the Sixty-seventh Congress, which will be called probably in April.

The postponement action was forced by the opponents of ratification led by some of the old "Progressive" Senators. Only yesterday President Harding transmitted a special message to the Senate on this treaty and urged its immediate ratification.

The question of opening or closed debate on the treaty also went over and leaders said it was planned to adjourn the present session of the Senate next Saturday.

The special session of Congress will meet April 4, Chairman Fordney of the house ways and means committee, announced today following a conference with President Harding.

Fordney said it was still undecided whether tariff or revenue would be taken up first.

NEW LEAGUE PLAN COMING FROM FRANCE

PARIS, March 10 (By The Associated Press).—It was stated at the Foreign Office today that negotiations were under way for a new plan of a modified League of Nations.

The French position is conciliatory, and is believed to relate to expressions by officials connected with the present Washington administration made during the peace conference.

COMMENT WITHHELD BY ADMINISTRATION OFFICIALS

WASHINGTON, March 10 (By The Associated Press).—Administration officials withheld comment today on the statement made at the French foreign office that negotiations were under way between the French embassy here and the State Department with regard to the acceptance by the United States of a modified league of nations.

The impression was given, however, that the initiative in any such development rested entirely with the French government and that in any event the matter had not yet reached the stage of negotiations.

Secretary Hughes refused to discuss the question. It became known, however, that on last Tuesday he had a half-hour talk with Ambassador Jusserand just before the presentation of the diplomatic corps.

Whether the subject of the league of nations was broached has not been made known.

HARDING IS DOING OWN INVESTIGATION

President Harding already has received considerable information through his unofficial resources regarding the feeling of European statesmen, and it is expected he will make a still more exhaustive investigation before he launches his foreign program.

It would not surprise those who have been in close touch with the situation if the President sent several envoys to Europe in the next few weeks to make inquiries.

Street Car Shot Up in Fight on Boozie Thieves

(By Associated Press) NEWPORT, Ky., March 10.—Norman Ashcraft of Bellevue, Ky., and Elmer McCabe of Covington, Ky., were probably fatally wounded in a pistol battle between guards on two auto trucks, believed to have been loaded with whiskey, and men who are supposed to have attacked the guards while the trucks were being driven across a bridge from Covington to Newport today.

Both parties took advantage of a street car on the bridge, using it as a barricade. The passengers lay flat on the floor of the car and fully twenty shots passed through the street car.

The fight ended with the wounding of Ashcraft and McCabe, the others fleeing.

French Troops In Silesia Fired On By Germans

Allies Extend Military Zone Seizing Hamborn; Food Shortage Eased.

PARIS, March 10.—A French military zone in Upper Silesia, attacked by German troops and several members were wounded, it was announced at the Polish legation today. The French later seized a quantity of German munitions.

(French troops are in Upper Silesia on police duty pending the decision which is to determine whether Upper Silesia shall go to Poland or remain German territory.)

By WILLIAM COOK International News Service Staff Correspondent.

FRENCH MILITARY HEADQUARTERS, NUSS, March 10.—The French are extending their new zone of military occupation northward and further into the Ruhr district. A detachment from the French army of occupation in Duisburg occupied Hamborn on Wednesday. Hamborn is four miles north of Duisburg. The movement was carried out without incident.

Hamborn is the seat of many factories and a large coal trade. The German workmen have continued at their labor without any movement toward hostile manifestations or a strike.

STRIKE DANGER FADES IN SEIZED CITIES.

DUISBURG, March 10.—(By The Associated Press).—The Ruhr district of Germany will cease within the next few days as the immediate result of allied occupation of Duisburg, Düsseldorf and Hamborn and the seizure of customs were made by German mine operators, civil officers and workmen here last night.

There seemed to be little unrest among the workmen last evening, after they had finished a full day's work, however. Well informed officials declared they did not believe there would be a strike in the Ruhr district.

FOOD SHORTAGE ON RHINE FEARED

ALLIED MILITARY HEADQUARTERS, NUSS, March 10.—(By The Associated Press).—Allied forces have virtually completed the occupation of the Rhine ports of the Ruhr region. As yet commanding officers have not arranged for a division of the occupied zone between the British, Belgian and French units.

People of the middle and working classes fear there will be an increase in the cost of living. They are laying in stocks of provisions and are besieging stores. In some cases fear is expressed that stocks of food will be rapidly exhausted.

NO MOVE WILL BE MADE BY U. S. TROOPS.

WASHINGTON, March 10.—The American army of occupation is standing pat on the Rhine, Secretary of War Weeks stated today when his attention was called to despatches from Paris stating that the allies have decided to enforce customs penalties on the Germans in the zone occupied by the American forces.

Secretary Weeks indicated that this government has decided against any move in connection with the zone of occupation in order to avoid embarrassment to the allies.

BOUSTED U. S. REDS LEAD IN RUSS REVOLT

Radicals Deported by America Playing Prominent Part in Uprising Against Soviet Despatch to Holland Says

Bolshevik Repulsed After Determined Efforts to Recapture Kronstadt; Bodies Strew Ice Following Rout

LEADS WIRE TO TRIBUNE. BY ASSOCIATED PRESS. THE HAGUE, March 10.—According to the Nieuw correspondent of the Rotterdam Maasbode, Russian radicals recently deported from the United States are playing a prominent part in the new revolution in Russia. This correspondent asserts the deported Russians had great expectations of Russia, but were bitterly disappointed when they learned that the communistic regime represented "nothing but a sentence, to an indefinite term of hard labor without adequate food."

RIGA, March 9 (By The Associated Press).—Three brigades of Bolshevik troops in Moscow joined the revolutionary forces, according to advices received here. The action was prompted by the acute food situation at the soviet capital.

HELSINKI, March 10.—Repulsed after determined attempts to recapture the fortress of Kronstadt, Bolshevik forces have withdrawn, leaving hundreds of bodies lying on the ice, according to advices received here today.

Refugees arriving here report wholesale executions of captured insurgents at Petrograd. Many persons suspected of sympathy with the counter-revolution were put to death. The Petrograd streets are all under military guard.

According to advices received by the foreign office, the rebels have captured the fort at Pskoff, east of Petrograd, and also the railway junction at Bologny, in the same district.

A report was received from Riga that the Bolsheviks were retreating along the Nicolaevsky railway.

REVOLT SPREADS. KERENSKY IS TOLD BY ASSOCIATED PRESS.

LONDON, March 10.—The Russian revolution is rapidly attaining the proportions of the 1917 coup, which overthrew the Czarist government, telegrams delivered to former Premier Kerensky here today.

Advices reaching Kerensky said eastern Siberia is in revolt, the activity centering in Omsk and Tomsk.

WHOLE OF RUSSIA APPEARS IN PERIL.

LEADS WIRE TO TRIBUNE. LONDON, March 10.—Reports from Russia continue obscure and conflicting. A Reuters despatch from Helsinki says the fate of Petrograd still is in the balance, and denies that revolutionary troops are occupying most of the city.

The despatch says the insurgents have taken a part of the city which is under fire from Kronstadt, and that it is also being shelled by Bolshevik batteries at Boukovo.

A message to the London Times from Abo, Finland, says "the whole of Russia appears to be in a ferment."

REBELS DEMORALIZED. CLAIM OWN GROUND.

LONDON, March 10.—(United Press).—Russian rebels are demoralized, the official Moscow wireless declares in the regular news bulletin.

The mutinous sailors in Kronstadt have rebelled against the authority of General Kozlovski, czarist general, who has directed the campaign against the rebels. The mutineers had been given a severe defeat by government forces.

Japan Sure of Its Hold on Yap Island

TOKYO, March 9 (By The Associated Press).—Japan's position relative to the mandate granted Japan by the allied Supreme Council for the island of Yap seems to be in the hands of Viscount Uchida, minister of foreign affairs, who spoke today in the House of Peers.

Japan, following the policy of the United States, has not made any effort to open diplomatic negotiations with the Soviet government in Moscow.

Questioned regarding the merits of battleships and cruisers, the minister of marine said Japan favored giving importance to both types of war craft. He declared that whether major ships, submarines or airships would be given a superiority would depend upon the policy pursued by other nations.

Man Is Ground to Death Under Train

SAN JOSE, March 10.—Badly mangled, the body of an unidentified man, apparently about 45 years old, was removed from beneath a Southern Pacific train near Watsonville early today, according to advices received here. It is believed that the man, who is thought to be a transient, deliberately threw himself under the wheels. The only clue to his identity was an old hat which bore the name of a Portland, Ore., hat dealer.

Manic Hurt by Fall Down Shaft
FRANCISCO, March 10.—F. Jones of 4900 Fairfax Oakland, suffered painful today when he fell down the shaft of the Don Lee Garment Co. elevator. Jones, who is a mechanic, the elevator door, and he stepped through. He to the basement, suffering lacerations of the head, face, which were treated at the emergency hospital.

Alleged Embezzler Hunted by Police
LOS ANGELES, March 10.—A nation-wide search was started today for H. B. Eshleman, missing real estate dealer, following issuance by District Attorney Woolwin of a complaint charging him with embezzling \$2300. Eshleman disappeared February 28. John M. McAllister of Colton, who signed the complaint, said the sum represents a cash difference in the transfer of an apartment house and an orange grove. On the day Eshleman vanished a payment of more than \$14,000 was due to one of his clients, it is alleged.

HARVEY WILL GO TO ENGLAND AS U. S. AMBASSADOR

Willis R. Heck of California Is Raised in Consular Class by Harding.

WASHINGTON, March 10.—Colonel George Harvey has been named ambassador to London. President Harding offered Harvey the post and Harvey accepted although official announcement of the appointment will not be made until other diplomatic posts are filled. D. R. Crissinger of Marion, Ohio, was nominated today by Harding to be controller of the currency. The nomination of Dr. C. P. Sawyer of Marion, Ohio, President Harding's personal physician, to be a brigade general in the medical reserve corps of the army, was confirmed by the Senate. CALIFORNIAN NAMED The Senate also confirmed the

American Is Given Red Hat Of Cardinalate

ROME, March 10.—Presentations today by the Pope of the red hat to three new cardinals, Archbishop Dennis J. Dougherty of Philadelphia, Josef Schulte of Cologne and Michael Von Faulhaber of Munich, attracted princes and peasants, diplomats and citizens to the Vatican. The ceremony, which has come down virtually unchanged through the centuries, combined historic brilliance and sacred impressiveness. The Pontiff rode to the Sala Regia in the Sedia Gestatoria borne by crimson-uniformed attendants and took his throne surrounded by prelates and richly uniformed representatives of royal families and plumed knights. The new cardinals entered and bowed low three times and then took and did homage to the Pontiff. After the reading of Latin orations the cardinals received the embrace and took his throne surrounded by prelates and richly uniformed representatives of royal families and plumed knights. The new cardinals entered and bowed low three times and then took and did homage to the Pontiff. After the reading of Latin orations the cardinals received the embrace and took his throne surrounded by prelates and richly uniformed representatives of royal families and plumed knights. The new cardinals entered and bowed low three times and then took and did homage to the Pontiff.

PUBLIC MEETINGS ARE PLANNED BY ALAMEDA C. OF C.

Subjects Related to Progress of City Will Be Openly Discussed.

ALAMEDA, March 10.—A series of community meetings under auspices of the Chamber of Commerce will be regular monthly features in Alameda. Civic subjects of general community interests will be discussed, some speakers giving an address and the meeting being later made into an open forum. City Attorney W. J. Locke is chairman of a special committee on these meetings, having been appointed last night by President Carl Strom. The first meeting will be held March 23. The speaker will be City Manager Charles Hewes. The zoning of cities illustrated with lantern slides, will be the subject for the meeting. The proposed new city and county consolidation and the utility district will be subjects of another meeting. A third meeting will cover apartment-house construction, the privileges and re-

strictions prescribed by state laws and local ordinances on building in general. The meetings will be open to the public.

LAMONT SUES HARDING
WASHINGTON, March 10.—Thos. W. Lamont of New York, who was one of the financial advisers to the peace commission at Versailles, conferred yesterday with President Harding. He said his call was primarily in the interest of Chinese famine relief.

Say you saw it in The TRIBUNE

90 Planes to Be Used for Forestry Patrol

SAN DIEGO, March 10.—Ninety De Havilland airplanes will be utilized by the 5th and 91st aero squadrons in forestry patrol operations in California and Oregon this summer and autumn. It was announced by officers at Rockwell field. Forty of the De Havillands have already been shipped to Mather field near Sacramento from Rockwell. Authority has been requested of the War Department to organize two more aero squadrons to supplement

the work of the 5th and 91st this summer. Mather field, Rockwell field, March field, Red Bluff and Fresno will be the principal operating bases of the forestry patrol squadron this summer.

MISS MARTHA GALLAGHER will entertain at tea April 2 in compliment to two brides-elect, Miss Lucile Ginoux and Miss Kathryn Fox. (Boyle Portrait)

University of California. The ceremony took place at 5 o'clock this afternoon in St. Clement's chapel with only the immediate friends and members of the family present. Rev. F. Augustus Martyr, rector, officiated. The ceremony was simple in detail owing to the illness of the bride's aunt, Mrs. Yates. Albert Yates gave his niece in marriage. The bride wore a smart afternoon gown of beige canton crepe and carried gardenias and lilies of the valley. Her two attendants were Miss Dorothy Kingman, her sister, and Miss Ruth Gompertz, both in afternoon frocks in the pastel shades.

Whitney Spear was best man. The bride is a member of the Kappa Kappa Gamma sorority and is one of the charming members of the college set.

Chadock is a graduate of the state university and a Sigma Alpha Epsilon fraternity man.

Mrs. Frank John Woodward was hostess at tea this afternoon for a large number of friends at her home in Claremont. The affair afforded an opportunity to bid farewell to Mrs. Clark Goddard, who will leave for Europe in April to be the guest of her son, Dr. Malcolm Goddard.

TO LEAVE FOR EASTERN TOUR
Mrs. Dudley Kinsell will leave soon for the east, first going to Washington, D. C., where she will be the house guest of her foster sister, Mrs. William B. Greeley, wife of Chief Forester of the United States.

On Mrs. Kinsell will visit in New York, intending to be away for two months. Meanwhile Judge Kinsell will go to Tahiti on a pleasure trip.

HOSTESSES AT BRIDGE LUNCHEONS
Mrs. George Hammer will be hostess at luncheon tomorrow, followed by bridge, at her home.

Another luncheon hostess will be Mrs. Julius Martin, who will have as her honor guest Mrs. Charles Edward Gilman. Intimate friends will be guests.

Mrs. Mildred J. Layman will have her friends at the Sequoyah Country Club for luncheon tomorrow, all members of a club which has met for bridge throughout the winter.

Tomorrow evening in honor of their daughter, Miss Charlotte Moore, and her sorority sisters, members of the Gamma Phi Beta sorority, Mr. and Mrs. Ralph H. Moore will entertain with a large dancing party at their home on Arch street.

WEDDING IN PORTLAND, ORE.
Announcements of the wedding of Miss Esther Eunice Euster and Earle Halley Meyers have been received from Portland, Ore. The ceremony was performed within the past fortnight at the home of Mr. and Mrs. William T. Euster, the bride's parents. Meyers is a son of Mr. and

Education to Be Keynote of Club Meeting

By EDNA R. KINARD

Education will be the keynote of the first program-meeting of the Alameda County Federation of Women's Clubs. The Twentieth Century club house of Berkeley will be the setting for the important conference on Friday, March 24. All women in Alameda county, whether they are members or the 14 federated clubs which have signed the charter roll or not, are invited to attend.

Dr. David P. Barrows, president of the University of California, Thomas H. Reed, professor of municipal government, University of California; Professor A. B. Anderson, dean of the State Normal school in San Francisco, will participate in the program.

Reorganization of the state school system has been given a large place in the day's program. The two plans most widely sponsored will be presented by President Barrows and Dean Anderson.

Rural schools will not be overlooked. Mrs. R. L. Rogers of Hayward will represent her club sisters on the program. She will review the present status of the country school as it exists in this county. Mrs. L. Rosenfield of Hayward, president, will preside as chairman.

The Twentieth Century Club choral, Miss Clara Freuler, director, will compliment the guests with an opening program of music at 1:45 p. m.

Dr. Mary Roberts Coolidge, prominently known among the women leaders of the state, particularly among those who made the stalwart fight for suffrage and who afterward organized the civic groups for education of the new citizens, will be the speaker before Oakland Center, California Civic league, at Hotel Oakland, tomorrow afternoon. Dr. Coolidge spent the winter in the Orient, observing the women and the place which they occupy across the waters. She did some interesting work along the lines of social and political economy study. She is being generous with her sister club women of lesser opportunity and sharing with them the results of her six months' journeyings and research. "Chinese Character and Government" is the subject which she will present tomorrow. Dr. Coolidge is professor of sociology at Mills college. Mrs. F. H. Boren will be chairman of the day.

The morning will be given over, as usual, by the section members to the parliamentary law and public speaking classes with a second parliamentary law section accommodating those who cannot arrive before 1:30 p. m. The general program is called for 2:30 p. m.

The importance of formulating some plan for department organization that will prevent loss of time and effort and assure continuous work along departmental lines already along way has been recognized by the executive board of the California Federation of Women's Clubs. With the biennial election immediately upon the horizon and its attendant change in department chairman, the matter is being given careful attention by those women who have carried the burden during the past two years.

Mrs. Aaron Schloss, state president, has been authorized to appoint a committee to frame some plan for presentation at the annual convention in Yosemite valley in the late May. In the meantime those who are directing the various activities are being requested to prepare a suggestive plan with all available data in their department to assist the women who will follow them in the club responsibility.

Mrs. Elmer E. Meyers of Berkeley, who is a former student of the University of California and is now in business in San Francisco, Mr. and Mrs. Meyers will make their home in Berkeley on their return from their honeymoon.

MARY MACSWINEY SPEAKS TONIGHT

SAN FRANCISCO, March 10.—Miss Mary MacSwiney, sister of the late Terence MacSwiney, lord mayor of Cork, who died in Brixton prison, who is here today on her tour of the United States to urge recognition of the Irish republic, will be the principal speaker at a mass meeting held in her honor tonight in the civic auditorium. Miss MacSwiney arrived in San Francisco yesterday.

Met at the Ferry building by Joseph Scott and Rev. Peter C. Yorke, both leaders of the cause in this state, Miss MacSwiney was escorted to her headquarters at the Fairmont hotel by scores of overseas veterans in a big parade.

Tonight's mass meeting will begin at 8 o'clock. Rev. Yorke will be the chairman, and in addition to Miss MacSwiney, Joseph Scott will make an address and there will be a musical program.

At a special session of the board of supervisors this afternoon the mayor and supervisors officially welcomed the guest in the name of San Francisco. She addressed the board as a result of an invitation in a resolution expressing the support of her mission to the United States.

Italy Proposes to Pay Her Debt to U. S.

WASHINGTON, March 10.—(By the Associated Press.)—Italy is preparing, through rehabilitating her internal financial condition, setting in motion again the machinery of commercial relations and resuming production of staples of commerce utilized in her foreign trade to discharge her debt to the United States, Rolando Ricci, new Italian ambassador, said in answer to an inquiry. The debt, according to the last annual report of former Secretary of the Treasury Houston, is \$1,631,000,000.

are styled and made
in our own factories.

Suffering orchids! We believe in thinking straight and talking plain. When we have an idea, we want the public to know it and judge it. We believe most men hate to be posed-to-death in the name of spring openings. Any clear-thinking clothes-buyer surely prefers values and styles to lilies and lilacs, plush rugs and soft music. We believe the public's clothing dollars should be spent for clothing quality—not for opening-nonsense. Spring opening here is an honest spring opening—8,000 new garments in 19 new styles (direct from New York) make the coming worth while! Here is a style-display so far in advance of the season that it needs no floral apologies or alibis. Nowhere else are half as many new spring garments on display—nowhere else are values like these guaranteed! We invite you to attend.

Thumbs Up!

You'll Find Here Styles less than two weeks out of New York—months ahead of spring arrivals elsewhere.

All-wool suits and topcoats minus the middleman's profit, minus high ground-floor rent, minus the usual \$10 to \$30 retail profit marked at the opening of the season. (F. & C. clothes are sold at an average profit of 56c—year round).

Values guaranteed greater than any in the city.
Prices that talk for themselves, \$25, \$30, \$35.

Thumbs Down!

You'll Not Find Here The usual thrills and trimmings of the average spring opening.

You'll not find prices marked up now to cover "mark-downs" later. F. & C. prices stay the same—season-in, season-out. You'll not find one price advertised and another price marked on our merchandise.

You'll not find a single item that doesn't earn your respect as a clean-out, common-sense, money-saving part of the fairest and the largest retail clothing business in the world.

Trade Upstairs & Save \$10

<p>F & C CLOTHES Guaranteed greater than any \$35 values in the city.</p> <p>\$25</p>	<p>F & C CLOTHES Guaranteed greater than any \$40 values in the city.</p> <p>\$30</p>	<p>F & C CLOTHES Guaranteed greater than any \$45 values in the city.</p> <p>\$35</p>
--	--	--

A fact to remember You can buy an F. & C. garment now and not regret it later. An F. & C. opening is the only spring opening that makes this possible. You know that in buying today or tomorrow at this big upstairs store, you are "getting the jump" on the most authentic style without paying a premium for it. You know that profits here aren't padded to milk the early buyer's extra dollars. You know that the same simple principles of honor and fairness govern this business that real men respect in their personal dealings. For twelve years we have been fighting the Jekyll and Hyde idea in selling clothes. We have always been against the vicious practice of selling clothes on the principle of "how much will this bring?" instead of "How little can we sell it for?" We are today selling more clothing than any other retail business in the world—these principles have done it—we are holding to them!

1. Coast to coast chain* upstairs stores--- large operation.
2. \$497,678.00 saved yearly in rent.
3. Cash business---no credit losses.
4. Our own large New York factories---no middleman's profit.
5. \$10,000,000 guarantee of satisfaction back of every garment.

DURANT FIELD AIR MEET HAS BEEN CANCELLED

Captain Rickenbacker Says Time to Arrange Affair Is Too Short.

The air meet unofficially scheduled to take place at the Durant Airfield next Sunday will not be held, according to an official announcement from Captain Eddie Rickenbacker today.

It was announced several days ago that such a meet would be held as a benefit to the wounded ex-service men of the bay district, and that the Oakland police department, the Army and Durant officers would participate, as well as others who had previously stated that they would participate if such a meet was held.

In making the announcement today to the effect that no meet would be held, Rickenbacker said:

"Being an ex-service man myself, and wishing to do all I can to help those who need it, in any case, I would very gladly appear next Sunday if it were possible to hold such a meet. The meet was suggested some time ago, but I did not consent to it because it was impossible that that short time to arrange such an elaborate affair. I have never consented to the meet. Those who caused the announcement to be made in the newspapers were acting without authority, and without the permission of anyone from the Durant Aircraft Corporation."

"I am sorry indeed if this is a disappointment to those who have already planned on going to the Durant Airfield next Sunday. When we enter upon a proposition we put our best efforts behind it, and make it go through for a purpose. But I wish to state emphatically that no such celebration has been scheduled."

Shaw Comedy to Be Presented Tonight

The Greek Theater Players will appear a third time in Piedmont tonight when Bernard Shaw's "Imperfect Comedy," "Fanny's First Play," will be presented at the Piedmont Community Center.

The cast will be the same with which the play was presented to capacity audiences at Wheeler auditorium earlier in the spring, and number many students as well as members of the community.

Those who will take important roles in Thursday evening's performance are: Baldwin McGraw, as Count O'Dawda, the father of Fanny, Alice Megladdery as Fanny, James Ritty, Ellsworth Stewart, Richard Owens and Don Lang as the sculptor-critic; Little H. Fish as Mrs. Gilbey; Richard Stevick as "Darling Dora," Irving Pichel as Juggins, Eva M. Bradway as Mrs. Knox, Violeta Wilson as Margaret Knox, the modern daughter, and J. C. LeClercq as Lieutenant Duvallet. The performance will begin at 8:15.

Los Angeles Leads In Auto Registration

SACRAMENTO, March 9.—Los Angeles county is far in the lead in California in the number of automobiles registered with the state motor vehicle department in 1920, according to a statement by C. J. Chenu, superintendent of the department. Of 541,334 automobiles, 51,683 trucks, and 20,564 motorcycles registered in the state, Los Angeles county showed a registration of 181,738 automobiles, 18,888 trucks, and 6841 motorcycles. San Francisco county was second with 49,999 automobiles, 4894 trucks and 1636 motorcycles.

A feature of the showing is the decline in motorcycles. In 1917 there were 30,417 in the state, and the report for last year gives 20,564. Chauffeurs increased from 18,551 in 1914 to 65,597 in 1920. Nine thousand automobiles were the property of the state, counties or cities and exempt from registration fees.

Lose Your Fat Keep Your Health

Superfluous flesh is not healthy, neither is it healthy to diet or exercise too much for its removal. The simplest method known for reducing the overfat body two, three or four pounds a week is the Vismola Method, tried and endorsed by thousands. Vismola Prescription Tablets, containing exact doses of the famous prescription, are sold by druggists at one dollar for a large case, or if you prefer you can obtain them by sending direct to the Marmola Company, 4015 Woodward Ave., Detroit, Mich. They are harmless and leave no weakness or flabbiness. They are popular because effective and convenient—Attention!

Make Sure Your Blood Is Rich and Red—in Fighting Trim

TAKE GUDE'S PEPTO-MANGAN NOW

If You Tire Easily and Feel Run Down, You Need the Best Blood Tonic You Can Get. Which Is Gude's Pepto-Mangan.

All over the United States the health of the people is guarded carefully by Boards of Health. Everything is being done with untiring effort to prevent the spread of infectious diseases and to keep the blood rich and red. When your blood has plenty of red corpuscles, it is able to fight disease germs and carry them off. You do not feel right (and you know better than anyone else about that) until you start taking Gude's Pepto-Mangan. Keep on taking it until you feel better and notice how much better you feel.

Gude's Pepto-Mangan is put up in both liquid and tablet form and is sold by druggists everywhere. The liquid and tablets have exactly the same medicinal value. Buy whichever you prefer, and be sure it is genuine Gude's Pepto-Mangan. The name "Gude's" is on the package—Advertisement.

YEARS OF STOMACH AND BOWEL TROUBLE

Had three operations and was all run down—Newspaper ad guided her back to health.

"I suffered from stomach and bowel trouble in the worst form for a long time. I went through serious operations and doctors all the time, but found nothing that would do me any good.

"On seeing Milks Emulsion advertised in the daily papers I decided to try it. The first three doses relieved me, and I am now on the 4th bottle, and can say I have never taken any medicine that has done me so much good. I am feeling better than I ever did since my operations. I am gaining in health and flesh rapidly. I now weigh 145 lbs.—Mrs. Bessie B. Hough, 1012 E. 12th St., Oakland, Cal.

"The hands of sufferers from catarrh of the stomach, indigestion and bowel troubles, have found that Milks Emulsion gives prompt relief and real lasting benefit.

"Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in resisting and repelling the effects of wasting diseases.

"This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with results, your money will be promptly refunded. Price 75c and \$1.50 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.—Advertisement.

Be Careful What You Wash Your Hair With

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is Mulford's coconut oil shampoo, for this is pure and entirely greaseless. It's very cheap and can be used at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and naturally, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff. Be sure you get the real Mulford's. It gives you satisfaction.—Advertisement.

How You Can Remove Every Trace of Hair

(Coilet Talks)

A stiff paste made with some powerful deodorant and water and spread on a hairy surface about 2 minutes will, when removed, take every trace of hair with it. The skin should then be washed with ice from the remaining deodorant. No harm can result from this treatment, but be sure it is deodorant you get and you will not be disappointed. Mix fresh as wanted.—Advertisement.

Chan Herbs Are Spring Tonic

Often times in spring people feel the need of a "spring tonic" to build them up in general health, add weight, remove the last vestiges of winter coughs and colds, and bring their blood to such a level that they can enjoy spring weather.

The celebrated Y. L. Chan herbs, used in China for many centuries, supply just such an effective "spring tonic." Preferable to grandmother's old-fashioned "sarsaparilla" concoctions in their gentle but sure effect, they are desirable particularly at this time.

ROSS CRANE TO LECTURE TONIGHT

How the Eastbay communities may be made the Athens of America and how the district may be made the best in California in which to rear a child will be told by Ross Crane, head of the extension division of the Art Institute of Chicago, in the last of his series of home betterment lectures tonight at the Oakland Auditorium.

Beginning with the room as a unit, Crane will tell how each room may be made more attractive and then how the house, the garden, the entire home may be improved and finally how the street and the city may be made more attractive, simply by employing a few general principles.

Inspections which Crane has made of Oakland generally convince him, he says, that the inequalities like the hills, the climate and the vintage place over the beautiful San Francisco bay, that Oakland, Berkeley and Alameda have unlimited possibilities in developing their individual opportunities.

A gallery talk was given by Crane this afternoon on a score of paintings by great American masters. The canvases included the fascinating "Santa Clara Indian Girl" by Robert Henri, the New York modernist, "Golden Rocks," by Paul Dougherty, "Equinox Mountain," by Chauncey Ryder and "The Cotton Gin," by Harry Hoffman.

The score of paintings loaned to the people of Oakland by the Art Institute of Chicago during the Crane lectures is declared to be the

Welfare Commission to Fix Women's Pay

SAN FRANCISCO, March 10.—The Industrial Welfare Commission of California will meet here March 14 to adjust wages of women workers in the spinach and asparagus canning industries, so as to permit the earning of these two products this year at a lower cost. It is announced by Mrs. Katherine Phillips Eason, executive officer of the commission. Representatives of the canneries had not asked for a reduction in the minimum wage, she said, but wished the uniform piece rates established last year to be abolished so as to eliminate unusually high wages earned by some cannery hands. Mrs. Eason said the commission probably would permit each cannery to establish its own piece rate, provided that a sufficient proportion of the women thereby earned the minimum wages fixed last year by the commission at 33 1/3 cents an hour.

PRINCESS OUT OF DANGER.
Special cable to International News Service and London Daily Express. ATRENS, March 10.—Princess Anastasia (formerly Mrs. William B. Leeds), who recently underwent an operation, continues to show improvement. The attending physicians stated today that they now have no doubt she is out of danger.

A supplemental feature of the program is the display of architectural drawings, which have been on display since the program opened Monday. Included in the group are entries by local architects.

Home betterment week was arranged in Oakland by the Breuer company with the indorsement of various civic and commercial bodies.

Duke To Defend Swimming Title

HONOLULU, Feb. 14.—(Correspondence of the Associated Press.)—The feat of Pua Keanohu, Olympic swimming star from Hawaii, who cut Duke Kahanamoku's world record for the 100-yard swim from 53 seconds flat to 52 1/2 seconds in a recent race at Adelaide, Australia, promises to precipitate a battle royal in the swimming world when the 100-yard national championship is staged here, probably in October, during the meeting of the press congress of the world. This event, together with other national championships, recently was awarded to Hawaii by the A. A. U.

Backers of Duke say he will retrieve his lost laurels, that he never swims unless pushed and then only hard enough to win.

YOU AUTO OWN A LITTLE FERRY

Very Popular, Very Profitable

If you have ever waited with your flivver or high-powered limousine for an hour or two at the foot of Broadway, impatiently anxious to cross the bay, you will readily know why the entire sentiment of Oakland and Eastbay residents is one of tremendous endorsement of this project.

In a short time three brand new, speedy, all-steel, fireproof auto ferry boats will salute Oakland from the foot of Seventh street.

These three new badly needed auto ferries (capacity eighty machines each), will carry East Bay motorists across the Bay to the Ferry Building, San Francisco, in eighteen to twenty minutes, operating on half-hour schedule (every twenty minutes on Sundays and holidays), which is at least twenty whole minutes quicker than the existing auto service.

Auto traffic between Oakland and San Francisco should increase at least fifty per cent when the new service begins. Figuring on the basis of 2,240 trips monthly, estimating as low an average as of only twenty autos per trip, reveals splendid profits for all concerned.

Plans for the three new boats were drawn by Mr. John Hopps, eminent naval architect, designer of the Edward T. Jeffrey, the fastest ferry on the Bay. The plans are now in the hands of the leading shipbuilding firms on the coast for bids on cost of construction. The company has already purchased and paid one hundred thousand dollars cash for all engines, boilers, auxiliaries, etc., to be used in the construction of the three ships.

A "Ferry" Wonderful Celebration is Naturally Planned.

It will do your eyes, ears and heart good to see these glorious boats with flags flying—bands playing tuneful melodies—the shouting, waving happy folks on board, their voices rising above the din of music and tooting steamboat whistles.

Most everyone on board will be part owners, "WILL OWN A LITTLE FERRY," and the Six-Minute Ferry Company invites you also to become a part owner for stock in the Company is all common, making you a really and truly partner.

Not only will you own your interest in the three new magnificent steel beauties, but also in the steamers Vallejo and San Jose, now operating very profitably between Mare Island and Vallejo and Crockett and Vallejo. Last year these two boats transacted the following business:

	Steamer San Jose
Passengers	419,650
Auto trucks, etc.	139,701
Stages	6,594

The company's officers and directors have made a splendid record of profit and service during more than an eleven-year period in the ferry business.

Assets of the Six-Minute Ferry Company now over a million dollars.

"You Auto Own a Little Ferry"

Come on, folks, you want to be on board the boats at the big celebration and not on shore waving your well wishes and enviously wishing you were also "a little ferry owner."

Shares in the Company now being sold very rapidly at par, \$50.00 per share. You believe in Ferries, "Good Ferries," so mail me your check today for the number of shares you want.

In order that every worker may have the profit and pleasure of owning "a little ferry," I have arranged whereby shares can be purchased on small weekly or monthly payments. Make all checks payable to the New York & London Sales Co.

Phone or write and I will gladly mail you complete details of this popular and profitable offering.

"Gets-It" Ends All Corns

as Good for Calluses. Money
Back if It Fails.
Thirty seconds after you touch the
with this liquid corn remover

Simple As A, B, C.
Grabbing, stabbing pain of it stops,
all time.
Corns hard or soft, in two old or
deeply rooted to resist "Gets-It."
Immediately it dries and shrivels, the
corn loosens and falls from the foot.
You can peel it right off with
fingers as painlessly as you trim
nails.
It coddle corn pests. Don't
eat and pamper them. Don't cut
them. Remove them with
"GETS-IT." Costs a trifle at any
store. Mfd. by E. Lawrence
Chicago.
Sold in Oakland at all stores of the
Drug Co.—Advertisement.

STOMACH TROUBLES ARE DUE TO ACIDITY

Is Safe. Certain. Speedy Relief
For Acid Indigestion

So-called stomach troubles, such as
heartburn, gas, sourness, stomach-
ache and inability to retain food are
usually due to acidity. The following
evidence that excessive secre-
tion of acid is taking place in the
stomach, causing the formation of
acid and acid indigestion:
It distends the stomach and
causes that full, oppressive, burning
feeling sometimes known as heart-
burn, while the acid irritates and in-
flames the delicate lining of the
stomach. The trouble lies entirely
in the excess development or secre-
tion of acid.
To stop or prevent this souring of
the food contents of the stomach and
neutralize the acid, and make it
inactive and harmless a teaspoonful of
liquid magnesia, a good and ef-
fective remedy for acid stomach,
should be taken in a quarter of a
cup of hot or cold water after eat-
ing or whenever gas, sourness or
heartburn is felt. This sweetens the
stomach and neutralizes the acidity
at the few moments and is a perfectly
safe and inexpensive remedy to
take.

As an antacid, such as liquid mag-
nesia, which can be obtained from
any druggist in either powder or liq-
uid form, enables the stomach to do
its work properly without the aid of
acid, and digests. Magnesia comes
in several forms, so be certain to ask
for the one called "Fluorinated mag-
nesia," which is especially prepared
for the above purpose.—Advertiser.

CLARA HAMON ON TRIAL FOR KILLING OF OIL MAGNATE

Woman, Accused of Murder, Faces Jury in Courtroom At Ardmore.

(Continued From Page One)

counsel for the defense, and her sister, Mrs. Myrtle James of Los Angeles.

A thin blue veil covered her face. She kept her handkerchief at her mouth as she nervously twitched. Her smile was gone—she was extremely nervous.

Clara's appearance in court did not cause a ripple of excitement.

Clara directly faced the judge's bench, her sister and mother on either side of her. Neither of them exchanged a word.

Clara, who has been confident throughout the days preceding the trial, seemed to have lost a bit of her courage.

"I feel sad—extremely sad today," she told me. "But I must win—I'm going through with this."

WEATHER GOOD, MEN, DEFENDANT ASSETS.

Clara regards the bright spring weather as a good omen.

"It's the howling wind that makes me blue," she said.

"The Indians had a tradition that a howling wind was an evil omen."

Clara blushed and cast her eyes down as Attorney-General Freeling said to Vennerman J. S. B. Appollos: "Did you know either Jake Hamon or Clara Hamon by reputation?"

"I had heard talk about them," he said.

Appollos was excused.

He was the seventh juror examined. The first six were acceptable to the state.

DEFENDANT LOSES.

Early nervousness.

Freeling, while questioning jurors, asked each one as follows:

"If you knew that Jake Hamon was a bad man and disloyal to his family would that influence you in deciding the fate of the defendant?"

Clara lost her initial nervousness, as the examination proceeded. She no longer twitched nervously. She seemed to have regained her courage.

Her main effort centered on keeping her mother buoyant. Clara occasionally patted her mother's hand or smiled at her, occasionally she whispered to her. But the mother stared vacantly.

It took the state one hour and twenty minutes to select twelve tentative jurors. The state examined twenty-five men. The chosen twelve all said they were impartial.

Among the tentative twelve were seven farmers, two factory workers and three business men. D. F. C. Laughran, 73, and James Avery, 78, were the oldest men chosen.

SEVEN FARMERS ARE ON TENTATIVE JURY.

They could have been exempted from jury service because they were about 80 years of age, but they did not ask it.

J. B. Champion, twin brother of the judge, who is a counsel for the defense, immediately started to examine the twelve tentative jurors, approved by the state.

Self-defense will be Clara's plea, it was made certain when Attorney-General Freeling asked each if he believed in the right to every one to defend one's self in case of an attack.

Wife's Letter Saves Husband Jail Term

The pleadings of a wife, expressed in a letter to Superior Judge George Samuels, won probation for William F. Delane today.

Delane was charged with having obtained property under false pretenses by selling an automobile he had not entirely paid for. He told the court he used the money from the sale to go east and visit his mother, expecting to conclude the payments later. Judge Samuels said:

"I have here a letter written by your wife. You are unusually fortunate to have a wife who would write thus in your defense. I think also you must have been a pretty good husband to have caused her to write such a sincere and appealing letter. You are given two years' probation."

Delane's home is in Turlock, where he said he has a position awaiting him.

BURNS FINGERS, SUES.

PORTLAND, Ore., March 10.—Because she burned her fingers with an electric iron while doing laundry work in the basement of the home of Dr. Stanford Whiting, prominent surgeon, Lillian Collins filed suit for \$11,000 damages today against her employer and the electric company supplying current to the iron.

Begins Court Fight for Life

CLARA SMITH HAMON, whose trial for the murder of Jake L. Hamon, oil millionaire, began in Ardmore, Oklahoma, today.

CALIFORNIANS TO TELL EASTERNERS ABOUT JAPANESE

NEW YORK, March 10.—(By United Press).—A group of representative Californians will soon visit the east to present facts of the Japanese land situation to all the people of the United States.

Wallace Lewis, writer, said in an interview with the United Press here today:

"If the east fully appreciated the situation in California, there would be no question of spreading with the viewpoint of the people of California," said Lewis. "It is not a question of jingoism and sentimentalism, but of hard, cold facts. The only solution is the exclusion of Japanese and the prevention of any increase in their agricultural holdings. The longer this solution is postponed, the more dangerous will the problem become to the present good feeling existing between the two countries."

"Every element in this country is organized except the Americans themselves," Lewis continued. "It is time the Americans did something. Plans for the eastern trip of the California delegation are not completed, but when they are I am certain the visit will result in a better understanding of Pacific Coast problems."

Divorce Witness Denies Charges

Mrs. Agnes Smith took the witness stand before Judge Joseph Korfod today and denied that she had ever been intimate with E. G. Gorgins of 4000 Elm street, who is suing Nimie Gorgins for divorce.

Mrs. Gorgins had charged that her husband met Mrs. Smith clandestinely and was unduly friendly with her.

Gorgins, in his suit, charges that his wife told him, "I don't ever want to see your face again," and that he couldn't change his street-car route because she was so jealous.

The couple were married in December, 1907, and separated October 28, 1918.

Young Wife Gets \$500 for Ten Beatings

SAN FRANCISCO, March 10.—Eileen Snyder, stenographer, told Superior Judge Thomas Graham today that Harry Snyder, bellboy at the Bohemian club, had beaten her ten times following their marriage when both were only 18 years old. Accordingly the court gave her \$500 or \$50 a blow in addition to \$15 monthly for the support of their child. She wanted to alimony, testifying that she was well able to support herself.

MOTHERS TO GET PLAY.

"The Home Guard," an amateur play in which mothers will act with their children, will be staged by the students of Laurel school and the Laurel Parent-Teacher Association.

Mrs. Ida Brust will have general charge of the playlet.

SAILORS KIDNAPED AFTER BATTLE ON SHIP WILLPOLO

Two of Men Taken in Raid Are Carried Off in Auto and Dumped on Marsh.

(Continued From Page One)

was fingering the butt of a revolver. Rochester advised him "not to do anything he would be sorry for afterward." To this the man replied, "We don't do things that way."

When Police Sergeant Jack Sherry arrived at the scene of the disturbance with the riot squad, the crowd had scattered. Members of the crew said that several of the men who boarded the vessel at San Francisco took a ferryboat for San Francisco.

The Willpolo was due to sail from Oakland today.

Baird and Sullivan, when found near Alviso, said that delegates from various unions came aboard the vessel in an effort to persuade the members of the new crew to join their unions, which they refused to do.

"They found out that the ship was going to sail today," said Baird. "The articles which the crew signed were read by the United States commissioner, and were fully understood by the crew. Last night we were sitting around the table and the officers, with the exception of the 'even,' were ashore when a mob of these men came bursting in where we were sitting and ran screaming down the street like a woman. Five of them tried to head him off, but he got away from them, dropping his coat as he ran."

"They put Sullivan and me in a big dark colored seven-passenger machine and a lot of them piled in with us. Both of us were placed on the back seat and a big fellow had a hand at each of our throats as we went through the streets of Oakland. We went right by policemen, but could not cry out as we were afraid they would know us and the police could get us."

LIGHTS TURNED OFF; DUMPED ON SWAMP.

"When we got clear of Oakland we went faster. We were about frozen for we didn't have a chance to get fully dressed. I tried to find out what they were going to do to us, but they would not let me speak. They seemed to be all Scandinavians."

"The driver kept getting out and looking at the road signs and finally they turned into a dark side road and took us down by a swamp and then they turned the lights of their car out. After this they made us get out. They turned the lights out, as if they were going to San Francisco, 19 of them, the number on the license plate of the car."

"During the trip down one of them punched Sullivan and they took a punch at him when they were going. They told us that they didn't ever want to see us in Oakland again."

Baird stated that throughout the trip he expected the gang was planning to tie up his hands and put them on their feet and dump them into the bay. He had considerable baggage on the Willpolo, he stated, which he brought from the Naval Y. M. C. A. in San Francisco to the ship.

Baird and Sullivan said that they had just been discharged from the navy at Mare Island, were without funds and had shipped aboard the Willpolo to return to their homes on the East coast. Baird said his father is the head of the Baird School for Boys in North Carolina.

The two kidnapped men were taken to San Jose by deputy sheriffs and the Oakland police notified.

Captain Falkenberg, skipper of the Willpolo, today expressed the belief that the members of the old crew had spread what he termed a "cock-and-bull" story concerning which union sympathizers boarded the vessel last night, carrying off members of the new crew who had signed up below the Pacific Coast wage scale.

"The members of the old crew are disqualified from their union," Captain Falkenberg stated today. "When they shipped on the Willpolo, union delegates came and told them their union scale would be taken away if they worked on this vessel. This was the outcome of a general cut in wages by certain of the steamship companies, including the Williams Steamship Company, to which the Willpolo belongs."

"A cut of from \$10 to \$15 was made in the wages of sailors by those companies. Ordinarily the Atlantic coast seamen wage scale is \$5, or \$5 less than the Pacific coast scale."

"The men were anxious to come to the Pacific coast, however, and decided to remain with the vessel, although it meant the surrender of their union memberships. We had trouble during the entire trip and at San Pedro, just as we were about to start for San Francisco, 19 of them were taken from the ship. I succeeded in rounding them up and persuading them to come as far as San Francisco, where we could adjust our differences before the shipping commission."

"On the shipping commissioner's advice I paid the men off. But the crew in the meantime had hunted to tie up the hands and put them on their feet and dump them into the bay. He had considerable baggage on the Willpolo, he stated, which he brought from the Naval Y. M. C. A. in San Francisco to the ship."

Strapping Given Boys For "Craps" Under Police Eyes

BERKELEY, March 10.—Rather than go to the detention home, two youthful craps shooters suffered a severe "strapping" last night at police station.

Each of the boys "strapped" the other with a wide leather belt. Inspector J. A. Greening gave the choice of the "beating" or prosecution by the juvenile authorities.

Each of nine other young craps shooters took one "swipe" at the boys because of their failure to tell the truth. All of the other boys with the exception of the pair treated to a good old-fashioned "licking" regularly told their share in a craps game to the authorities.

The boys were picked up at the foot of Virginia street yesterday and were caught in a game by Inspector Greening and a squad of police.

CAMPAIGN BEGUN BY EXCLUSIONISTS

The Japanese Exclusion League today launched a campaign throughout Alameda county to obtain 10,000 new members. The canvass of the down-town district, lodges, labor unions and other organizations is being conducted simultaneously.

Various parties of the Native Daughters of the Golden West, according to officials of the league, have furnished terms of women workers to all in the drive.

James J. Conroy, chairman of the executive committee, today expressed the belief that the campaign will be successful. According to officials of the league, more than 125 clubs, fraternal and labor organizations, the board of supervisors and the city commissioners and the Retail Traders' Association, have endorsed the campaign.

The league plans to endeavor to have the residents of this state acting as one big active organization to carry on a program of publicity and education in the east and to be on the alert to protect American interests in California, according to a statement which has been made public by the league.

It is an accepted rule of finance that every dollar in cash provides a solid structure for ten times that amount.

made in the wages of sailors by those companies. Ordinarily the Atlantic coast seamen wage scale is \$5, or \$5 less than the Pacific coast scale."

Baird and Sullivan said that they had just been discharged from the navy at Mare Island, were without funds and had shipped aboard the Willpolo to return to their homes on the East coast. Baird said his father is the head of the Baird School for Boys in North Carolina.

The two kidnapped men were taken to San Jose by deputy sheriffs and the Oakland police notified.

Captain Falkenberg, skipper of the Willpolo, today expressed the belief that the members of the old crew had spread what he termed a "cock-and-bull" story concerning which union sympathizers boarded the vessel last night, carrying off members of the new crew who had signed up below the Pacific Coast wage scale.

"The members of the old crew are disqualified from their union," Captain Falkenberg stated today. "When they shipped on the Willpolo, union delegates came and told them their union scale would be taken away if they worked on this vessel. This was the outcome of a general cut in wages by certain of the steamship companies, including the Williams Steamship Company, to which the Willpolo belongs."

"A cut of from \$10 to \$15 was made in the wages of sailors by those companies. Ordinarily the Atlantic coast seamen wage scale is \$5, or \$5 less than the Pacific coast scale."

"The men were anxious to come to the Pacific coast, however, and decided to remain with the vessel, although it meant the surrender of their union memberships. We had trouble during the entire trip and at San Pedro, just as we were about to start for San Francisco, 19 of them were taken from the ship. I succeeded in rounding them up and persuading them to come as far as San Francisco, where we could adjust our differences before the shipping commission."

THURSDAY, MARCH 10, 1921.

TOWARD PRICE STABILIZATION.

Economic experts are unanimous in their judgment that the condition of the country is sound. They are right in this. There is no sounder country, no busier country, no stronger country in the world today. With the judgment of the experts on the condition of the country there is little difficulty in reaching an agreement.

The economic prophets also are heard a great deal of late. They have been forecasting a better turn in business affairs for several weeks. They have played safe, generally speaking, by evading a time limit, but the expectation seemed to be that the improvement would become noticeable soon after President Harding's inauguration and gain in strength as the agricultural tasks began to demand more and more attention. It would seem that the prophets also will be proved correct, providing due allowance is made for the fact that movements in economic readjustment are nearly always recorded in terms of weeks and months, in the United States and other important agricultural countries very often in seasons.

Dr. Frank M. Surface, one of THE TRIBUNE'S Washington correspondents, sums up the conclusions of leaders in finance, business and industry and the lessons of statistics in an article just received. Our money, banking and credit systems, he says, have withstood an enormous strain without showing the slightest evidence of breaking. This is due in a very large measure to the Federal Reserve System, which has been able to absorb the shock of shrinking inventories and declining prices.

The present period has been characterized as the zero hour. On general grounds it would seem that that is true and that at almost any moment we may expect a marked revival of buying. It is said that New York is full of buyers who are only waiting for a definite sign that liquidation is complete to begin their long expected replenishment of stocks.

On the other hand, there is little definite evidence that the bottom has been reached in wholesale prices. The January wholesale price index of the United States Department of Labor shows a decline of more than 6 per cent from the December average. Wholesale quotations in February were distinctly lower than for January. Breadstreet continues to report that a far greater number of commodities show declines than advances in price. Some prospect of stabilization in food prices is shown by the fact that both Bradstreet's and the Annalist's wholesale food index has advanced during the past three weeks. The change is not great, but it indicates that possibly the bottom has been reached in these commodities.

In every commodity except anthracite coal there has been a marked decrease from the high point reached in 1920. The greatest drop has occurred in bituminous coal, which last August was selling at the mine for \$12 per ton, but is now quoted at only \$2.50. This is a decline of more than 79 per cent. Cotton has dropped 69 per cent from its high price in April, 1920. Corn, hides, rubber and silk have all dropped more than 65 per cent since the early months of last year. The smallest decrease is shown in copper and steel billets. The big decline in copper took place prior to 1920, and steel admittedly has not yet completed its liquidation.

With the progress that has been made, it is reasonable to expect that very soon we will have reached that essential to a strong business revival—stabilized prices.

THE COST OF EDUCATION.

Speaking before the annual convention of the National Educational Association at Atlantic City last week, Dr. P. P. Claxton, the federal commissioner of education, expressed the opinion that within ten years the United States would be spending \$3,250,000,000 annually for public education, as compared to the annual bill of \$1,250,000,000 paid at present. That is a forecast of a very large increase—nearly 200 per cent. But in the light of present movement it is not extravagant prophecy.

Some States are progressing toward a trebled

cost of public education more rapidly than required to spread that increase over a ten-year period. Within the last six months steps have been taken and plans laid which mean practically the immediate doubling of the cost of the educational system in California.

As the wealth of the country increases it probably will be able to stand an increase in the cost of education. An increase in this department can be sustained with better feeling and larger satisfaction than in any other. It should follow, however, that with every additional dollar invested in public schools the public should stimulate its interest in the teaching system and better qualify to judge between right conduct and improper conduct.

DIVIDING THE BEARS.

In addressing the National Press Club in Washington the other day, Mr. Herbert Hoover, the new Secretary of Commerce, dwelt briefly upon the evils of the division of authority among the several departments and bureaus of the government. He sketched as one of his objectives in office the better co-ordination and disposition of departmental duties and jurisdiction, saying that he would at least try to bring the government's dealings with bears under one department.

It is often a chance remark like this that directs our attention most poignantly to foolish and stupid conditions. The people do not generally understand that in the bureaucratic struggle for authority, the division of duties actually has extended to bears. In matters relating to Polar bears, the Department of Commerce governs; the grizzly bears are under the Department of the Interior and the brown bears are under the Department of Agriculture.

How this came to pass is a long story and it is useless to relate it. The main point is the emphasis it lays upon the difficult task Mr. Hoover will face in trying to introduce proper and rational co-ordination and to eliminate duplication in the bureaus under his department, not to say among the various other departments. He may fail. The chances against success are heavy. But if he does fail the people ought to understand something of the perplexities and magnitude of the problem before him.

There are a thousand other matters where division of control and performance of duties is based upon nothing more substantial than the color of the three kinds of bears. And for more than one hundred years there has been some mysterious power in the government to give these inconsequential things vitality when a suggestion is made for reformation.

VISITORS FROM MEXICO.

It was a pleasant as well as a memorable occasion yesterday when Oakland and the other Eastbay citizens were privileged to be host to a visiting delegation of distinguished Mexican citizens. This incident, it is to be hoped, will prove the forerunner of many transactions that will work for a better acquaintance and understanding between the business and professional, as well as the official, life of Mexico and California.

Formally, this visit of Mexicans is a courteous return of the visit of Californians from the Bay district to Mexico two months ago. But actually it has a deeper significance. It springs from the same motives that caused the delegation of men and women from Oakland and San Francisco to visit Mexico—a desire to know more of the neighboring republic, to establish useful and pleasant friendships, to give assurance of a willing readiness to welcome better relations, based upon a more adequate knowledge, between Mexico and the United States.

With these thoughts in mind, representative business and professional men of the Eastbay district yesterday extended the hand of cordial good fellowship. All the people of this district hope the visitors will carry home with them the most pleasant impressions of a State that is sincerely friendly and hopeful for better days for the neighbor to the south.

Several members of the late national administration have reached their respective homes with their squeaking swivel chairs and their polished mahogany desks. These wooden heirlooms will in time be all that remains to remind the country that they once occupied a public place.

CENTRALIZED SHIPPING CONTROL.

Two things are commendable in the long-awaited report of the Walsh committee investigating the Shipping Board. These are its judicial tone and its constructive suggestions for reform. The committee is correct in believing that the board of seven members provided by the Shipping Act of last summer is not the best instrument for administering the Government's merchant fleet. A board can determine policies, but it is not an efficient executive agency. The board's history shows an instinctive but halting tendency on the part of its members toward specialization of function. Each commissioner has shown a disposition to interest himself most in one particular phase of the board's many-sided work. But what is needed is a reorganization in the interests of centralization of authority. As the commission declares, until the fleet is sold a single competent person should be placed in charge of ship operation, with full responsibility and full powers.

Beyond reorganization and centralization of authority, courage will be indispensable. The dark facts of the case must be fearlessly faced. The Senate recently passed a resolution by Senator Edge demanding an immediate, clear statement of the Board's finances. The result was a report yesterday that it is losing \$1,465 apiece each month on the 467 steel vessels it has tied up and \$592 a month on each of the 265 wooden ships. This computation obviously takes into account only the cash outlay for upkeep aboard these idle ships. How does the Board annihilate capital charges, overhead charges, and the loss of what the ships might be earning? Such a tendency to blink the real state of affairs has endured too long—New York Evening Post.

NOTES and COMMENT

The very latest idea of field sport shades off notably from that which at one time obtained. "Getting" wild ducks with airplanes—breaking into flocks and slaughtering birds with the propeller and wings of the strange monsters which must bewilder denizens of the air—is considered to afford a new and enjoyable thrill. A somewhat prosaic Federal government, however, disapproves and will prosecute those who seek such thrills.

A San Francisco police judge has started on a new tack. A complainant who swore out warrants for the arrest of a man and a woman, charging that they had taken \$250 from him, refused to prosecute for the reason that the accused had returned his money; and was surprised when the judge insisted that the case should go on. The judge fails to accept the theory that police courts are maintained to collect debts.

Much has been written and said about former President Wilson, but nothing more pungent than that "Probably he should not have gone to Europe; certainly he should not have stood there when he saw how events were shaping up. A master of solitude, he sat in at poker and chipped his stack away while others at the table played their hands. On his return, having compromised at almost every point with Europeans, he refused to compromise at any point with Americans."

There is a big bookfull of recipes for fuming reckless and recalcitrant auto drivers, but it is safe to say that chaining them to posts, before last Tuesday never occurred to any of the minds that are perplexed over the problem.

President Ebert's libel suit might furnish food for discussion but for the invasion of the allies. The libel suit was brought against a machinist, who told fellow-workers that the German president was drunk on a certain occasion. A magistrate sent the machinist to jail for two weeks, showing that it is still more risky to say things in that country than to print them in this.

It says in a news item that a New York magistrate committed a vagrant to a suspended sentence of six months on condition that he would read the works of Hawthorne and Dickens at the public library for three months. The sentence is unusual and the idea is entirely obscure.

There is just a possible embarrassment to the allies after getting farther adrift on German soil. With the leveled German landscape there will be no problem as to arriving, but there may be one as to collecting the reparation money, and that is the main thing. The old saw about the possibility of leading a horse to water, but the impracticability of forcing him to drink, comes in here.

The Utah Legislature has staged its second stilt stunt of the session. Tex Rickard might be paged in this connection, and such affairs put on a right basis.

The editor of the Woodland Democrat, whence this item is gathered, is one of them and ought to know. "The Democrat" who is said to be separated from his office takes no stock in that "parting is such sweet sorrow" stuff.

The Sacramento Bee sets up as a prophet: "From now on watch for babies named Warren, Gamaliel, or Warren Gamaliel in families whose politics march along with Harding's."

Wonder what the Fresno Republican means by this: "Doubtless you have noticed that women jurors all wear stiletto in a grim and reminiscent sort of way when the man says not guilty."

The Cloverdale Revell supplies a long-awaited explanation: "Jackass brandy is so-called because of the fact that nobody except a natural-born durned fool jackass would drink any such stuff."

SPIRIT OF THE STATE PRESS.

By dint of straining and hauling the Hawkeye State, a real ocean-going steamer, was warped into Los Angeles harbor Friday. Angelenos will have to declare a holiday with all hands. This is quite a new time to disentangle the big lumber from the all-embracing harbor—Llanford Sentinel.

More Island officers are hoping that the battleship California will be in which event she will be launched ready September 9. Admission Day, with appropriate ceremonies of State organization, possibly, a naval pageant in San Pablo and San Francisco bays. Work on the vessel is so well in hand that the mechanics expect to have finished by that date and plans for hoisting the flag on the natal day of the State are being discussed—Vallejo Chronicle.

Up in Oregon it has been made a felony to bribe an umpire in a baseball game. This is quite an innovation. Heretofore about the only recourse the fellows had when the decisions were going against them was to mob the umpire by giving him a dose of pop bottles, a salute of decayed eggs and rotten vegetables—Calaveras Prospect.

A Berkeley woman allowed a dentist to pull fourteen of her teeth and now she is suing him for \$100,000. This is quite a new record. A tooth because she can't eat solid food. What a lot may be learned from a dentist about what to charge for teeth!—Stockton Record.

The new kind of Greece is going to take no chances by having a pet monkey around the palace, but he has a bill that is a sister of old Kaiser's. —Richmond Record-Herald.

WHAT'S DOING TO-NIGHT

Freeholders' meeting, Supervisors' chambers.
Neighbors of Woodcraft meet.
"Better Homes" lecture, Auditorium.

"All of a Sudden Peggy" presented, 2168 Shattuck avenue, Berkeley, evening.
Durant Mothers' Club gives dance, school auditorium, evening.
University meeting, Harmon Gymnasium, U. C., 11 a. m.

PROFESSOR OF SWITCHMAN?

During last year's campaign for better pay for college teachers the president of one of the universities asked: "Are we paying the men who train our minds less than we pay the men who mind our trains?" When John D. Rockefeller a little more than a year ago gave \$50,000,000 to relieve the distressed teachers the general education board proceeded to learn exactly what the professors were getting. Comparing the figures with the railroad wage scale of July 20, 1920, we find that the answer to the college president's question is Yes.
Of the 354 teachers in the 239 academic institutions investigated by the general education board only 40 per cent received as much salary as a yard switchman gets—approximately \$2000 a year. Only 30 per cent were as well paid as passenger firemen. Only 15 per cent made as much in a year as a passenger conductor makes. Only 12 per cent drew \$3200 a year, the earnings of a passenger engineer.
And one-third of these 354 teachers received such low salaries that there is no parallel for them in the railroad business. Under the award of last July the railway clerks and brakemen make about \$1600 a year. Nearly 3000 of the teachers were paid less than \$1500. And all this was after the teachers had received increases of 25 per cent.
Only one teacher in a hundred receives more than \$6000 a year. Only two in a hundred make \$5000. There is not a profession which rewards long years of study with a handsome income. Their condition in the days when their salaries had not risen at all to meet the increased cost of living was pitiful, not only to their own well-being but to the future of American education.
Thanks to the efforts of men and women who, like Mr. Rockefeller, have been trying to mitigate the trials of these badly paid professional people, the teachers are taking heart of grace again. But those who train minds are still getting less to live on than those who mind trains.—New York Herald.

THE JESTER

Proper Dressing.
Beatle.—In the matter of clothes Eva is a great stickler for harmony. May—Yes, that girl won't even make a salad till she puts on a dressing gown.—Answers, London.
A Bird in the Hand, Etc.
Aunt.—Don't be in too great a hurry about choosing a husband, my dear. I don't think much of the young men of today.
Nice.—Yes, but many a girl remains single all her life by waiting for the young man of tomorrow.—Boston Transcript.
Strangers at Home.
It was at a southern resort. They had merely noticed each other casually during the first day or two, but later they met at the teeing-off spot on the golf course. Neither had a partner.
One suggested to the other that they go around together. They exchanged names and started off. On finishing, they fell a-talking. One confided to the other that he was a banker from New York. The other replied, "So am I."
"Who are you with?"
"I'm a vice-president of the Blank Company."
"That's funny," replied the other, "so am I."—Forbes Magazine.

THE TIME TO SETTLE IT

It may be fully expected that Senator Johnson will make what trouble he can for the incoming administration and that he will fight against the confirmation of Mr. Hughes to the bitter end, but it is equally sure that his influence will grow less and less as time goes on. The country placed its affairs in the keeping of Warren G. Harding last November, and not in the keeping of Hiram Johnson. The Harding administration might as well raise the issue at the outset as at a later time.—Fitchburg Sentinel.

HARDING HIS OWN MASTER

In one respect alone the selection of Daugherty is on a par with the choice of Hughes for Secretary of State; each indicates on the part of the President-elect an independence of opinion, a decided will of his own, which augurs ill for Republican by-bodies in the Senate and elsewhere who have expected Mr. Harding would be an "easy" executive, meaning one easily susceptible to selfish suggestions on their part.—Cleveland Plain Dealer.

About YOUR HEALTH

Just What "Pruritis" Is And How It May Be Helped
By ROYAL S. COPELAND, M. D.,
Commissioner of Health, New York City.

The delicate and tender covering of a baby reacts violently to conditions which, in adult life, rarely affect the skin at all. Redness of the surface is more conspicuous in early life.

In old age the nerves seem to be more affected. Tingling and numbness, and burning and itching are more common than in youth.

The scientific name given itching is "pruritis." It is a term a good deal like "heart failure," applied to certain nervous sensations which are accompanied by outward and visible signs of disturbance.

There is one particular form which causes a lot of misery. This is called "winter pruritis," or simply "winter itch." It comes on with the first appearance of cold weather and lasts all winter.

When undressing for bed the itching begins, and with every effort to relieve it it grows worse and worse till the victim is ready to tear his skin to tatters.

Exposure to heat or cold will bring on the symptoms. It may attack one place now and in another minute will fly to some other part of the body. Some special region may be most affected.

The causes of pruritis may be difficult to determine. Certain diseases predispose it.

One of the most common causes in old age is diabetes. Jaundice, intestinal indigestion and certain nervous diseases may induce it.

Persons who have dry and rough skins are more likely to have pruritis. On this account frequent bathing and excessive use of soap may aggravate.

On the other hand, winter pruritis may be relieved sometimes by bathing in excessively hot water. If the water is applied to a small area it may be used much hotter than in a tub for general bathing.

Careful attention must be given the diet. When I was a boy my father would never allow me to eat buckwheat cakes. He said they "heated the blood" and caused itching of the skin. Undoubtedly it was a well-placed prohibition.

Lots of water to drink and butter-milk, if it is relished, are great aids to a cure.

Many individuals cannot wear woolen underwear. It irritates the skin and produces itching. Cotton, linen, flax or silk will have to be used in such a case. Some persons who feel the cold wear woolen over thin flax or cotton garments.

One of the most satisfactory remedies to stop itching is hyposulphite of soda, so commonly employed in photography. In a solution of one drachm of the soda in a ounce of water it sometimes acts like a charm. If the itching is general, a cupful may be put into a tub half-full of water, or containing enough water to cover the body.

After bathing the affected parts, benzoated oxide of zinc ointment may be applied. Sometimes plain vaseline is sufficient.

Attention should be given the kidneys, bowels, teeth, tonsils and nasal sinuses. Sometimes pruritis is toxic in origin. In such event it can be banished only by removal of the underlying causes.

AND THE CROP IS LARGE.

It is said that Harding completed his cabinet selections while in Florida. That's where the lemons grew.—Butte Bulletin.

Just Folks

by EDGAR A. GUEST

AN OLD MAN'S RIGHTS

Hey, you rough and tumble yke,

Doing everything you like,

Thinking this old world's a place

Just for you to romp and race,

Get the notion in your head

Fore I pack you off to bed

Or beat to get even.

Old folks have some rights down here.

Listen to me, when I say

Just becoz my hair is gray

An' my back is bent a bit,

Just becoz I'm not so fit

Now fer climbin' up a tree

As one time I used to be,

Or my eyes are not so clear—

Still, I've got some rights down here.

You are eight years old an' strong,

You can run pell-mell along

An' you're never out o' breath,

You can run me most to death;

You can eat green apples, too,

In the way I used to do,

Fore my teeth got out o' gear—

Still, I've got some rights down here.

If I took it in my head

I could pack you off to bed,

I could order you away

When you come and want to play,

I could make you stop your noise

And clear out with all your toys—

But somehow, when you are near

I don't claim my rights down here.

(Copyright, 1921, by Edgar A. Guest)

Uncle Wiggly Stories

by HOWARD R. GARIS

UNCLE WIGGLY AND FLOPPY'S

HOUSE.

"Oh, Uncle Wiggly! Come over to

my house! Will you come over to

my house?"

This was what Mr. Longears, the

bunny gentleman, and Nurse Jane

Puzzly Wiggly, his muskrat lady

housekeeper, heard one morning out-

side their hollow stump bungalow as

they finished breakfast.

"I hope that isn't the Puzzy Fox,"

spoke the rabbit gentleman as he

looked at Nurse Jane, his pink nose

almost stopping blinking.

"It doesn't sound like him, nor yet

the Wozzie Wolf," said Nurse Jane.

And then the voice called again:

"Oh, Uncle Wiggly, please come

over to my house!"

"It's Floppy Twisty tail, the piggy

boy," said Nurse Jane. "I can see

him through the window."

"Oh, I'm afraid of that!" spoke Uncle

Wiggly. "Bring him in and I'll give

him a carrot pancake, with maple

sugar sauce sprinkled down the mid-

dle."

"Will you come over to my house?"

asked Floppy, as he ate the cak-

Nurse Jane gave him.

"Why, yes, I will," said the bunny.

"But is anything the matter there,

Floppy, that you come for me so

early? And why aren't you at

school?"

"Oh, no, nothing is the matter, ex-

cept that I have something to show

you," answered the piggy boy. "And

I had my lesson so good yesterday

that the lady mouse teacher said

needn't come to school today."

"That's fine!" laughed Uncle Wig-

gly. And soon he and the piggy boy

were skipping over the snow toward

the pen where the Twisty-tail family

lived. But when Uncle Wiggly

started to go up the path that led

to the home of Curly and Floppy, the

two little piggy piggies, Floppy

sneaked:

"No, not that way, Uncle Wiggly!"

didn't mean for you to come to my

regular house, but to my play house

that I just built."

"Your play house?" exclaimed the

bunny.

"Yes, I made one of snow," went

on Floppy, whose ear, falling over to

one side in such a queer way, had

caused him to be so named. "Com-

e on in my snow play house. Uncle

Wiggly, and we'll have some fun."

"Well, I like to have fun," spoke

the bunny, "but I'm afraid if I go

in a snow house it will be bad for

my rheumatism." And he took a big

red, white and blue striped barbe-

pole crunch, doubtful if

"Oh! It's dandy and warm in my

snow house," squeaked Floppy, lead-

ing the way to the back yard. "Com-

e on in!"

Uncle Wiggly saw where the pig-

gy boy had built a little house, all

of snow. It had a door, not very high

to be sure, but Mr. Longears could

enter by stooping down. And there

was a window, with a sheet of clear

ice instead of glass.

"Why this is a fine house!" ex-

claimed the bunny gentleman.

"Sit down," invited Floppy, and he

pointed to a bench along one side.

The bench was made of white, gills

tearing snow, packed hard. "Sit down,

Uncle Wiggly, and I'll give in the real

house and you can have some fun."

Well, have a little play party in my

snow house," so Uncle Wiggly sat

down on the snow bench. In the snow

house, and he was hoping his rheu-

matism wouldn't ache, while Floppy

ran in the house for some cookies.

Uncle Wiggly sat there, looking

out of the ice glass window when, all

of a sudden, he heard a bumping

noise, and then a voice out in the

yard squeaked:

"Oh, Uncle Wiggly! I fell down in

a snow drift, and spilled all the

cookies! Please come out and help me

pick them up."

"Poor Floppy!" thought the bunny.

"He must have been running so fast,

to bring me a cookie, that he stum-

bled. I'll come and pick you up,

Floppy," he called out through the

door of the snow house.

But when Uncle Wiggly tried to get

up off the snow bench—he couldn't.

He was just stuck there—frozen fast!

He tried to stand up, and

pull himself loose, the more he

couldn't.

"Oh, come and help me, Uncle Wig-

gly!" squeaked Floppy. "I'm stuck in

a drift."

"Yes, and I'm stuck on your snow

bench in your snow house!" sadly an-

swered the bunny. "Some one will

have to come and help me."

"I'll call mother!" squeaked Floppy.

Then Mrs. Twisty-tail came out with

the steaming teakettle, and she soon

thawed Uncle Wiggly loose from the

snow bench. Next Floppy and the

cookies were pulled out of the drift.

"And I think we'd better have the

rest of the party in the regular house,

where it's warm," said Mr. Long-

ears. And they did.

Copyright, 1921, by McClure's News-

paper Syndicate.

"Will you care for me all the

time?" sighed the bride.

"I'll do my best, Nerissa," said the

groom, "but part of the time I gotta

care for the furnace."

Foibles of Famous Folk

Written by Themselves.

Georges Carpentier

French Boxing Champion

What is your

name in full?

Ans. Georges

Carpentier.

Have you ever

had a nickname?

What was it?

Ans. "Carp" in

Paris.

What was your

favorite sport

when you were

a boy?

Ans. Box-

ing.

What athletics

did you engage

in and excel in

as a child?

Ans. Boxing,

jumps, swimming.

How did you happen to meet

your wife and where did you meet

her?

Ans. In a conventional way

in Paris.

What is your hobby today?

Ans. All athletics.

What was your ambition when

you were a boy?

Ans. To become

a champion athlete.

What event in your life caused

you to choose your present profes-

sion?

Ans. Meeting Francois Des-

champs, present manager, who

was at one time lightweight cham-

pion of France and instructor in

the schools of Lens, France, where

I was a pupil.

If you had your life to live over

what profession would you choose?

Ans. The same.

What would you do with a mil-

lion dollars if you had it to give

away?

Ans. Help restore devastat-

ed France.

Devil's Calf's Liver

Boil one pound of liver until ten-

does, then drain and chop it fine.

One cupful of crumbs to two cupfuls

of liver. Add a generous lump of

butter, a beaten egg, pepper, salt and

sauce a pineapple, minced fine. Mix

thoroughly and fill buttered baking

shells with the mixture, dust the top

MRS. WEBBER ONLY WEIGHED 80 POUNDS

"The way Tanlae has restored my health and built me up is certainly remarkable," said Mrs. Barbara Webber, residing at 315 Van Ness Ave., San Francisco.

When I began taking Tanlae I only weighed eighty pounds, but I now weigh one hundred and twelve. Several months ago I just seemed to go into a general decline. I seemed to lose every bit of my strength and energy, and went down until I was little more than a living skeleton. I had no appetite, could eat scarcely a thing, and had to live on toast and tea and the very lightest of food. Even this caused me no much suffering from indigestion, bloating, shortness of breath and headache that it was almost unbearable, and I was so nervous that the least little thing annoyed me. My back ached so I could hardly stoop over to put on my shoes, and I was so weak I would have to lie down and rest all during the day. Sleep was almost impossible, and I was simply miserable all the time.

My husband bought me a bottle of Tanlae, and I was thinking it might help me, and the medicine has certainly proved a wonderful blessing to me. Why, it has given me a splendid appetite, and I have gained twenty pounds in weight, and I'm as strong and healthy as I ever was in my life. Words can't express my gratitude to Tanlae, it has been a Godsend to me."

Tanlae is sold in San Francisco, Oakland and Berkeley by The Owl Drug Company, stores at 1000 and 1001 Quality Pharmacy, Alameda.—Advertisement.

How to Tint Your Gray Hair at Home

If your hair is graying, or is faded and streaked, do not let it become any more unattractive. No matter whether its original youthful color was golden or black, or any shade of brown, all you need is a bottle of Brownatone to instantly restore its beauty in a manner that defies detection. This famous preparation is as simple as easy to use as any hair coloring you have.

Special Free Trial Offer.

Every package of Brownatone contains full, simple directions for working its magic on gray, faded or streaked hair. Guaranteed absolutely harmless. At all leading druggists, or see and try it at home. Colors: "Light to Medium Brown" and "Dark Brown to Black." Send to The Brownatone Co., 1000 and 1001 Quality Bldg., Covington, Ky., enclosing 1 cent for postage, packing and return of your trial package of Brownatone.—Advertisement.

RED PEPPER HEAT STOPS BACKACHE

Concentrated Heat Penetrates
Right Down to Pain Spot
—Brings Ease at Once

Rheumatism, lumbago, neuritis, backache, stiff neck, sore muscles, strains, aching joints. When you are suffering so you can hardly get around, just try "Red Pepper Rub," and you will have the quickest relief known.

Nothing has such concentrated, penetrating heat as red peppers. Instant relief, just as soon as you apply Red Pepper Rub you feel the tingling heat. In three minutes it warms the sore spot through and through. Frees the blood circulation, breaks up the congestion and pain is gone.

Rowles Red Pepper Rub, made from red peppers, costs little at any drug store. Get a jar at once. Almost instant relief awaits you. Use it on colds in chest. No matter what you have used for pain or congestion, don't fail to try Red Pepper Rub.—Advertisement.

EUROPE'S HOPES ARE DIRECTED TO UNITED STATES

America Regarded As Pivotal Nation in Settling Grave War Problems.

By ED L. KERN
United Press Staff Correspondent
LONDON, March 10.—The United States is regarded as the pivotal nation in settling the German reparations problem, it was revealed here today, Count Sforza, Italian foreign minister, informed his delegation that President Harding will become the decisive factor in the final settlement. He gave the following reasons:

Coblenz probably will remain in direct contact with Germany. The Allies will not take the chance of establishing a customs line along the German side of the American area.

Therefore Germany could route cargoes from Coblenz to neutral ports under the American flag. One solution, Sforza said, would be the withdrawal of American troops but that would have an adverse effect both on the Allies and Germany.

The other solution, he said, would be the opening of the American bridgehead to the Allied customs line.

America probably will be asked to cooperate fully with the Allies in using compulsory measures along the Rhine, in a note being drafted by the British foreign office.

The note is expected to explain fully the Allied position in occupied Germany and be a customs barrier. "The Allies will assume that the United States will co-operate."

The preparation of the note was one more step in Allied efforts to clarify the situation. Steps already taken include:

A definite statement from Premier Briand that France does not intend occupation as a prelude to annexation.

TAX ON EXPORTS

The preparation of a British bill providing for the collection of a 50 per cent tax on German exports. Arrangements to submit identical bills in the Italian, French and Japanese chambers. A declaration from Marshal Foch on the military status of the newly occupied territory.

A definite joint announcement that occupation of the Ruhr territory will continue only until Germany gives satisfactory signs of agreeing to the Allied reparations and disarmament demands and surrendering war criminals for trial.

Assignment of the problem of establishing a workable customs line to a committee of experts.

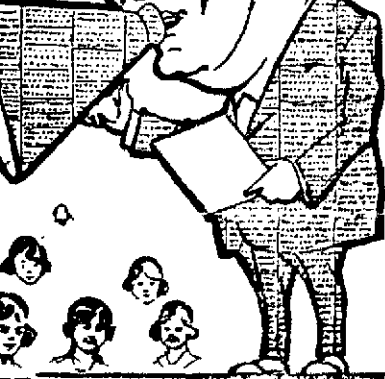

**Nerve-Speed
When Needed**

Lack of Reserve Force Cause of
Most Failures in the Daily
Affairs of Life

To feel weary without having earned it, by hard work throws the mind into disorder and confusion.

Not Exactly This But Near It Is the
Too Often Experience of Many Men

A hundred people describing their weary condition would each tell it differently. One says "I'm tired," another "I'm nervous," another "I'm drowsy," the next feels weak, others are irritable, moody, depressed, apprehensive, at the same time. To this great class of sufferers comes Nutrilite, one of the grandest constructive agencies ever devised for definite accomplishment. It intensifies the activity of the vital processes, provides increased flesh, stimulates the production of red corpuscles, contributes to the defense of the system against depletion and consequent exhaustion and in many other ways arouses the functional processes to make you feel that something has touched that one flickering vital spark. You thought was about to go out. No amount of description can adequately convey the difference between the feeling of lack of nerve speed and the rebound, the freedom, the liberation from depressions that cause so many men and women to fall in their tracks, to go to sleep at the switch or stand still when the order is to go ahead. If you would really like to get acquainted with your real self get a \$1.00 box of Nutrilite today. Ask any of the clerks at Owl Drug Co.'s store or any other leading drug store.—Advertisement.

THEATER

ORPHEUM

Next week's bill at the Oakland Orpheum reads like a page from the "Famous Headline" program. Albertina Rasch, queen of the dance, with an elaborate new presentation, heads the bill, with Johnny Burke and the "Famous Headline" program. The bill is a crowd-pleasing feature. Dances from famous ballets have been incorporated by Albertina Rasch.

After an absence of several years Johnny Burke, known as "The Ragtime Soldier," is back on the Orpheum again with a new comedy sketch entitled "The Ragtime Soldier." The bill is a crowd-pleasing feature. Dances from famous ballets have been incorporated by Albertina Rasch.

MAN AND WOMAN STRUCK DOWN AND INJURED BY AUTO

Laboree Is Also Hurt When 700-Pound Weight Falls From Crane.

Allen Rappaport and Mrs. L. Rappaport, both aged 72, of 925 Fallon street, were struck down by an automobile at Tenth and Oak streets last night driven by John Nakagawa of 254 East Twelfth street.

Mrs. Rappaport suffered contusions of the head and of the right knee and a possible fracture of the left arm. Rappaport was bruised and battered. Nakagawa took both the victims to the emergency hospital.

Robert D. Jackson, 28, a book-binder, living at 1187 Sixty-eighth avenue, was treated at the emergency hospital after 700 pounds of iron had fallen from a crane and struck him on the head. He suffered a skull fracture and a concussion of the brain. He was taken to the emergency hospital.

Two months ago Woods asserted that unless folk volunteer their unused musical instruments, the work of the musical department of the public schools must be curtailed. "We have a lot of instruments lying around," said Woods, "but I hope some more people can lend us perhaps another piano and another 'cello'."

The board of education approved the system of borrowing musical instruments because of lack of funds this year to buy them, and has accepted responsibility to return the instruments in as good condition as when received.

Schools Still Need Musical Instruments

Despite the public appeal of the school musical department for the use of unused musical instruments, the work of the musical department of the public schools must be curtailed. "We have a lot of instruments lying around," said Woods, "but I hope some more people can lend us perhaps another piano and another 'cello'."

DUPONT PASTOR SAYS HE BROKE LAW OF CHURCH

LOS ANGELES, March 10.—The Rev. Pastor P. Lee, threatened with a church trial for having performed a marriage ceremony for Alfred I. Dupont, powder manufacturer of Wilmington, Del., and Miss Jessie D. Hall of Los Angeles, several weeks ago, has "recognized the fact" that he failed "through a misunderstanding" to comply with ecclesiastical laws, according to a letter made public today by Frederick C. Valentini, chancellor of the Episcopal Diocese of Los Angeles. The church law violated forbids an Episcopal clergyman from performing a marriage ceremony for a divorced person. Dupont had been divorced. Officials of the Los Angeles Episcopal diocese plan no further action against Dr. Lee.

Broken Engagement of Couple Confirmed

News that the engagement of Miss Marjorie Cutting and Leslie Taylor, popular young clubman, announced during the early winter at an elaborate tea, has been broken off, came as a surprise today to friends of both young people. While no reason was given, it was learned today that the betrothal had been broken and engagement cups and other gifts returned. The report of the broken engagement was confirmed by Miss Cutting's sister, Mrs. Malcolm G. Cutting of Piedmont.

Miss Cutting is the daughter of Mr. and Mrs. E. L. Cutting of Stockton, whose home was formerly in Oakland. She has been making her home with her son, Nova Butler on Santa Clara avenue and is a teacher in the Oakland public schools. Taylor is the son of Mr. and Mrs. Edmund Taylor of Piedmont. He is a member of the Bohemian club of San Francisco and is well known in musical circles.

TAKES BOY TO SPECIALIST.
Mrs. May Jacobs, in charge of the West Haven sanatorium, left Oakland today with her son "Billy," 10 years old, for Baltimore. She expects to be absent six weeks. While there she will have her son placed under the care of specialists at the Johns Hopkins Institute.

Coffee beans are painted with bright hues at Rio de Janeiro for many customers, but none are shipped to the United States.

Maj. Cronkhite Death to Be Investigated

SEATTLE, March 10.—Inquiry into the circumstances of the death at Camp Lewis, Wash., in October, 1919, of Major Alexander P. Cronkhite, son of Major-General Adelbert P. Cronkhite, who commanded the 80th division in France during the war, has been started by agents of the Department of Justice bureau of investigation.

News dispatches from Camp Lewis dated October 23, 1918, stated that Major Cronkhite had accidentally shot himself while on the pistol range at the camp the day before and died within two minutes.

Jews Fear Uprising; Many Leave Russia

LONDON, March 10.—(Jewish Telegraph Agency).—Reports from Kovno say many Jewish refugees from Russia are trying to reach the frontiers of Lithuania, Latvia and Poland, fearing uprisings will result in pogroms.

Representatives of the Bolsheviks in Riga have received instructions not to repatriate any more Russians returning from the United States according to a dispatch. Range at the camp the day before and died within two minutes.

They are: Oakland—Richard H. Morrison, Robert Gordon and Chester H. Chase; Berkeley—Robert L. Lipman, Lemuel D. Solarescu, Harry A. Mazzera, Daniel Rygel, G. Huntington Jacobs, Wendell S. Chapman, Agnes R. D. Pelsdorfer and William H. Bartlett.

Masonic Auspices for Russell Burial

Funeral services for Frank T. Russell will be held from his late home, 2424 Richmond boulevard, tonight at 2 p. m., under the auspices of Bay View Lodge No. 491, E. & A. M. Russell was born in New York and was 74 years old. Surviving him are two sons and a daughter, H. C. Russell, Gregg A. Russell and Mrs. M. E. Pelsdorfer of Madison, Wis. Russell was a member of Kano Lodge, No. 11, E. & A. M., of Neenah, Wis. His death occurred yesterday.

HOW WOMEN AVOID SURGICAL OPERATIONS

Some Are Extremely Necessary, Others May Not Be

Every Woman Should Give Lydia E. Pinkham's
Vegetable Compound a Trial First

Compound, after it had been decided an operation was necessary:

Burlington, Vt.—"I suffered with female trouble, and had a number of doctors who said that I would never be any better until I had an operation. I was so bad I could hardly walk across the floor and could not do a thing. My sister-in-law induced me to try Lydia E. Pinkham's Vegetable Compound and it certainly has helped me wonderfully. I keep house and do my work and have a small child. I have recommended Vegetable Compound to a number of my friends and you may publish my testimonial."—Mrs. H. R. SHARON, Apple Tree Point Farm, Burlington, Vt

OAKLAND CLUB NEGOTIATING WITH DETROIT FOR NEW PLAYERS

MELROSE MERCHANTS MAY CINCH CLASS "B" TRIBUNE PENNANT BY WINNING ANOTHER GAME

Help Coming To the Oaks From Detroit

Big Deal Is in the Making, According to Manager Howard.

By EDDIE MURPHY

MYRTLEDALE HOT SPRINGS, March 10.—With all of his thirty players signed to contracts and only a couple missing from camp, Foreman Del Howard is well pleased with himself and the prospects. As soon as any athlete shows signs of weakness the champion trainer, "Scotty" Finley, has him on the table rubbing him back in shape again. "Scotty" has made a great hit with the boys, and it will be no fault of his if all the athletes who start the season with the local club are not in tip-top form.

Del Howard expects at any moment to hear some big news from the Detroit club. For fear that something might upset his plans, Del has refused to give him what is in the air and ready to break almost any time. "You can put in your bonnet that we are not going to start the 1921 season with one weak spot in the club," said Del today. Right up to the Oaks are pretty well fixed, but Frank Navin of the Detroit Tigers is ready to lend a helping hand. Every day Howard receives a telegram from Navin recommending some player he has seen or heard of and whom he thinks might go well out here.

SMITH OFFERED OAKS.

Upon hearing that the Oaks had just signed Navin, Howard flushed a wire to Detroit offering him a \$10,000 bonus. Howard's offer was turned down, but the Detroit club last season. Navin likes the Oaks, the former Beaver, and he figures with the Oaks he will have no room for Smith. At present Howard doesn't care to take Smith, as he wants to wait and see if the Cleveland club does not turn down Navin. Navin has been in the Cleveland club right and it is with Navin that the Oaks will do most of its business hereafter. When it comes to sending players to or bringing them from the majors, the Oaks will have no room for Smith. Navin is showing the Oaks the value of the local club's selling him Carl Holling, and he is also looking forward to grabbing some more talent from the Oaks this year. Navin is doing all these favors for the local club for nothing, but just the same Howard and Bwing are ready to do their business with him because he knows how to do business in the right way.

HEAR AP HAND.

"It then is a sign of weakness when the local start off in the 1921 pennant chase, there will be strength added in the first couple of weeks, but maybe after Howard receives word from Navin that the Oaks can have no more good talent than they can use.

PINELLI, COOPER ARRIVE.

Ralph (Babe) Pinelli and Claude Cooper arrived here yesterday in time to place their feet under the table and have their noon meal. Pinelli is a former pitcher in the major leagues, but it is his ambition to make his last summer here as he hopes to be up in the majors after this year. With Pinelli will come his wife and baby and the former Tiger certainly added a lot of pepper to the gang. There will be a lot more ginger on the local club when Babe starts making himself heard. Claude Cooper is a utility man secured from the Boston Nationals. He is a clean-cut looking fellow and he also thinks that this California climate is going to make him play as well as he did in the major leagues. Cooper is a member of the St. Louis club in the fall of 1920, the same time that Denny Wille was up there.

If you don't think that thirteen is an unlucky number just ask thirteen of the boys who went out on a hike to Fallades camp yesterday morning. After arriving at the camp, they were met by a man who looked over some old mine property and he got lost. It was not until the boys were nearly in Myrtle Dale that they missed Kersten. But Gene managed to get back in time to shove his feet under the dinner table, and just before a hunting party started out after him. Gene was the unlucky thirteenth man.

The boys are ready to spring a good one on Earl Hilton, the young pitcher from Klamath Falls, Ore. Earl is a member of our California club and he has all the boys picking them. He was on the hike to the old mines and said he enjoyed it immensely. Ray Brubaker mentioned something about a mallet mine, and Earl is going to pull himself out of the hay at six bells one of these fine mornings to make the trip to the mallet mine.

Bill Pertica Is Due in St. Louis Camp

ST. LOUIS, Mo., March 10.—Harold Pertica, a pitcher from the Los Angeles club of the Pacific Coast League, is due to join the St. Louis Cardinals today, advises from the training camp at Orange, Texas, said.

SIMPSON AND ORTEGA WILL BE HOME AFTER ABOUT IN CLEVELAND

Battler Made a Big Hit When He Beat Frank Carbone in His New York Debut.

By BOB SHAND.

T. Jeremiah Simpson, B. Ortega and H. A. Broom will be in our midst on or about March 20th. The entourage deserted New York and left the big city flat on its back last Sunday and yesterday they turned up in Cleveland where the natives are piling away just to see the Battler perform. The Cleveland promoter has Ortega signed to a contract to meet any man of his weight and the date is either the 14th or 17th of this month. If the right kind of an opponent can be dug up immediately the scrap will be staged on the earlier date but if time is wasted looking up a good middle-weight the Battler will have to wait until St. Patrick's Day. The Bryan Downey bout that was billed for Canton, Ohio was called off some time ago when Downey got a cold or read in the papers about the Battler licking some New Yorkers or something.

New York papers to hand give Ortega some wonderful boasts for his fight with Frank Carbone. Ortega, who is a native of California, was a professional fighter in the New York City Athletic Club.

"Ortega is speaking," mused the "collegiate" professor who drifted into the Pioneer S. C. last night to see Battler Carbone. The college professor, who is a native of California, was a professional fighter in the New York City Athletic Club.

After taking a long breath and consulting the mercenary, the decided friend professor said a mouthful, though if this Ortega was a native of California, he was a professional fighter in the New York City Athletic Club. The professor, who is a native of California, was a professional fighter in the New York City Athletic Club.

But Carbone, who has an indubitable jaw, iron ribs and a heart of steel, was a professional fighter in the New York City Athletic Club. The professor, who is a native of California, was a professional fighter in the New York City Athletic Club.

The fact that Ortega did not want to fight Carbone was a professional fighter in the New York City Athletic Club. The professor, who is a native of California, was a professional fighter in the New York City Athletic Club.

One swallow does not make a summer, but a single fight does not make a champion. The professor, who is a native of California, was a professional fighter in the New York City Athletic Club.

One swallow does not make a summer, but a single fight does not make a champion. The professor, who is a native of California, was a professional fighter in the New York City Athletic Club.

Spider Baum Turns Down A Fat Offer

MERCED, March 10.—Spider Baum, veteran Coast League pitcher who was given his honorable discharge by the Salt Lake club two days ago, likes this town so well that he turned down a \$10,000 salary offer. The Bakersfield club offered the old timer a garage business and salary that would have aggregated this amount but Baum is comfortably located here with an interest in a pool and billiard parlor and evidence that the Spider intends to remain here was discovered today when it was learned that he had just purchased a home in town. Baum is going to stay in the town of the Oaks, will be the battery for Merced this season.

B Leaguers to Entertain Fans Next Sunday

Melrose Merchants Are Very Close to the Pennant Goal.

By MAURY PESSANO

With the Class B pennant of the TRIBUNE League just about cinched by the Melrose Merchants, who have held the lead since the start of the league, baseball fans will have a chance to see some fast game of ball next Sunday afternoon when the Oakland Athletics and the Melrose Merchants meet at the Crystal Ballroom. The game is expected to be a close one, as the Merchants are only a few games behind the Oaks.

SHIPPING, FOOD PRICES AND WORLD'S COMMERCE

RAISE OF THREE CENTS IN SUGAR PRICE PREDICTED

Wallace M. Alexander Tells Why He Expects Advance Before End of Year.

Sugar, which has just experienced the final step of a cent raise from the low mark of refinery prices, is scheduled to see a raise of 3 cents before the end of the year, in the opinion of Wallace M. Alexander of Oakland, according to an interview given a special correspondent of the TRIBUNE in Honolulu and just received here.

Alexander has just arrived in the islands. He is a member of the firm of Alexander & Goldman, agents for several of the large Hawaiian sugar companies.

DESPITE TARIFF

The rise will come despite the fact that the tariff is quoted as having declined. He points out that Congress will consider legislation along tariff lines arranged in the representative Hawley and President Harding at St. Augustine, Fla.

This tariff legislation supplements the Hawaiian emergency measure, there is a possibility that there will be a further revision in the sugar schedule and that revision will be upward, Alexander said.

"I have talked with President Harding," said Alexander, "and he is strongly in favor of a high tariff and I know that he favors full protection on sugar."

When I left the coast there was considerable optimism displayed as the Cuban situation with regard to the commission plan of 1920 was worked out by Congress and into effect. There is still a great surplus of sugar in the country, but persistent rumors that the Cuban crop will not run above 500,000 tons.

"In the trade on the Pacific coast there is another rumor that the Cuban crop will not run above 500,000 tons, but in case it is applied to sugar, in case it is applied to the English people, now on rationing, may buy freely."

"I think I have not heard the situation expressed more tersely and fully than by Frank B. Anderson, president of the Bank of California, who said in his annual report that the return to normal business will be achieved—the return to the greatest credit relationship in the history of living must be secured; the great mass of undistributed profits must be absorbed; the means of financing the great credit balance must be found."

CHAMBER WILL
ADVERTISE CITIES
ABOUT EASTBAYSeven Municipalities Will
Benefit by the Plan Now
Being Formulated.

An advertising and publicity conference will be called shortly by the publicity committee of the Oakland Chamber of Commerce to consider the launching of a nation-wide advertising campaign on behalf of the main cities.

Authority for convening such a conference has been given the committee by the board of directors and the plan will be sent out within the next two weeks, Louis Abor, chairman of the committee, announced today.

Under the plan of the publicity committee, every organization in the seven main cities—Oakland, Berkeley, Alameda, San Leandro, Piedmont, Emeryville and Albany—will be requested to send delegates to a meeting at which plans will be mapped out and steps taken to raise the necessary funds.

The conference also will be asked to take up the matter of joining with San Francisco in its project of "selling Northern California."

The idea of a national publicity and advertising campaign for the mainland has been in the mind of the committee for about two years, but, as the committee said in its request to the board of directors, the plan was not thought ripe for such a move until the present.

The committee pointed out that with the acquisition of the naval base, backed by the fact that the Oakland district shows the soundest business basis of any section on the coast, it was thought that the campaign should be started immediately and that the various business houses and civic organizations are now ready to join in such a campaign.

High Mass Is Sung
for Slain Planter

BERKELEY, March 10.—A high mass was celebrated this morning at St. Joseph's church over the bodies of George W. Reed, millionaire planter, who was murdered on his plantation in Guatemala, and his mother-in-law, Mrs. H. W. Reddian. The double funeral rites were followed by interment in Holy Cross cemetery in San Francisco.

The death of Mrs. Reddian occurred while Mrs. Reed and her brother, A. G. Reddian, were bringing Reed's body home from Guatemala. Mrs. Reddian was 74 years of age and a native of Germany. Reed was 64 years of age and was born in Maine.

Rotarians Addressed
by Milk Dealer

BERKELEY, March 10.—Three thousand gallons of milk are consumed daily in Berkeley, according to G. H. Heath, local dairyman, who was the speaker at yesterday's Rotary luncheon.

Heath declared that the price of milk had advanced but fifty per cent during the high price wave, a much smaller percentage than many other commodities. Most of the raise, he stated, went to the producer.

John Brown, evangelist, described the college fund for working boys and girls in Arkansas. President Frank L. Naylor presided.

Alameda to Prepare
New Zoning System

ALAMEDA, March 10.—That the city government will meet the apartment house builders half way in the controversy that has arisen over certain zoning restrictions was indicated at last night's meeting of the city council when City Attorney W. J. Locke, announced that plans are under way for a new zoning system. A new ordinance will be drawn which Locke said he thought would meet with approval of the apartment-house builders.

Alameda Chamber
Will Hold Banquet

ALAMEDA, March 10.—The get-together banquet of the Alameda Chamber of Commerce will be held in Neptune Beach auditorium early in April, according to an announcement made today by C. E. Scheidt, chairman of the banquet committee. It is expected that more than 400 Alamedans will attend. The entertainment is in charge of J. S. McDowell, a number of prominent speakers will address the dinner.

Fruitvale Church
Will Celebrate
St. Patrick's Day

MISS LOUISE STIVER, "The Fascinating Miss Brown," in St. Patrick's Day celebration of St. Patrick's Day on Tuesday night.

Two-Act Play and Vaudeville
Numbers Will Make Up
Program.

St. Patrick's Day will be celebrated by St. Patrick's Catholic church of Fruitvale with the annual entertainment in the parish hall, Fruitvale avenue and Montana street, Tuesday evening, March 15, at 8:30 o'clock. A two-act play will be offered by a coterie of the young folk of the parish.

The vaudeville numbers will include vocal contributions by Miss Anna C. May, soprano; Miss Evelyn Kelly, and Phillip Murphy. Miss Josephine Murray will appear in dances, and other numbers will be given by Miss Margaret Weaver, Mrs. Mabel Reinke, Miss Georgiana Barney, Miss Mary Apperson, The Hawaiian Four will appear in a novelty surprise.

Elisha K. Waterman
Dies in Le Grand

The death of Elisha K. Waterman, pioneer resident of East Oakland, occurred on Tuesday in Le Grand, Merced county. Funeral services will be private. Waterman was a native of Rhode Island. He is survived by a widow, Mrs. Emma A. Waterman, and three daughters, all of whom are well known in musical circles. They are Mrs. Susan W. McCloskey, Mrs. Ruth Waterman Anderson and Mrs. Helen W. Franklin.

Californian Victim
of Anti-Smoking Law

EXETER, March 10.—H. C. Balaam, returning from Arizona, reports his arrest in a town called Mormontown for smoking a cigar. After being convicted by the policeman that it was no joke, Balaam was released on explaining his ignorance of the laws. He was told of the city ordinance against use of tobacco, first of all, being punishable by thirty days in jail.

2 MORE ARRESTS
IN BANK ROBBERY
CASE PREDICTEDDistrict Attorney Admits He
Has Located One Man in
Eastern City.

That two more arrests in connection with the Alvarado bank robbery may be expected at any moment as a result of the nation-wide search for the man who shot down President August May of the bank, was indicated by local authorities today.

That the District Attorney knows the names of the two missing men of the Alvarado gang has just been disclosed, and that he has already located one of these men in an Eastern city, where he is being protected by friends, was admitted this morning.

In a confession of William "Cocky" Kirk, Marysville rooming-house proprietor, who has been kept in custody in the emergency hospital following his turning state's evidence today, the names of the missing members of the Alvarado gang but of scores of other things, Kirk, said that highwaymen and dope fiends in Oakland.

Of the members of the so-called "Thirty Strong" gang taken in the raids at 153 Nineteenth street and Fourteenth and Feralita, Mrs. J. A. Sullivan and Mrs. Prescott Rea have been released on their own recognizance. J. A. Sullivan, Jack Rea and Mrs. Gladys Fleming were indicted for the Alvarado robbery by the Grand Jury. Arthur Flood is about to be released after the victim's alleged to identify him while the robbery of the Hotel Harlan and Hotel Elvorn.

Prescott Rea, it is understood, has been released by the District Attorney. Kirk when the others come to trial.

Hayward Post Will
Hold Ladies' Night

HAYWARD, March 10.—Ladies' night of the Hayward Post, No. 68 of the Post, will be observed by a social dance to be held Friday evening in the Bank of Haywards hall, according to announcement made today by Mrs. Fredman, chairman of the ladies' entertainment committee. Members of other lodges posts will be welcome to the affair. Fredman says, but none will be admitted except members of the lodge bution and their ladies. The other members of the entertainment committee who are working for the affair are: Mrs. Nelson E. Clements, Mrs. Madeline Andrews, Mrs. Sorenson and Harry Van Dyke.

Two Are Killed by
Bandit Bullets

SALT LAKE CITY, March 10.—John Westerdahl, superintendent of the Clinton Standard mine at Bureka, Utah, and his wife, Mrs. Westerdahl, were killed and a pool hall, died two hours later from bullet wounds following a hold-up of the mine store here last night.

PICKPOCKET GETS \$210.

Several men crowded around Nels Paulsen, 3223 Hayes street, and jostled him when he boarded a northbound Grove street car last night. He felt a hand reach into his pocket and he was killed and a pool hall, died two hours later from bullet wounds following a hold-up of the mine store here last night.

WOMEN PLAY POKER WITH RARE SKILL

Green-Topped Tables and Neglected Homes

BLUFF AND GROWL LIKE REGULARS

There is no social intercourse at these poker games at which women are in the majority in the city. In fact, they are not really games at all, but contests of the deadliest sort of seriousness. So tame, in fact, did this first game become that THE TRIBUNE investigator, though he thought he knew the intricacies of poker pretty well, found he knew comparatively nothing. She was pitted against men and women who had and dreamed solely in the pastedboard poker. She was forced early in the game to call for more chips from the housekeeper—hand—she red ones she took this time. It was in no way a stoney game that was played. They were liberal in their betting for they were not the god of luck as to follow one person as another? Every fifth hand was an "ace pot" and it took a dollar just to "look in."

The lady with an accent was getting nervous about the stranger at her table. Finally she gave up and left. "Who told you about us?" she asked while a new hand was being dealt. Once more the question was evaded. The fifth hand was an "ace pot" and it took a dollar just to "look in."

So here was another of the women whose card-playing had been a conversation with the "pick" and pointed. "What came back?" "You see, I'm a stranger here."

WHISTPLAYERS GRADUATE INTO POKER SHARAS

Somewhere had opened the "pot" and conversation was necessarily discontinued. So it was all through her travels the investigator found. The women who had played in large parties at the card halls closed by the city had been driven out of existence by the police of the council—the players had mostly been scattered to new surroundings.

A heated argument broke into the air of the card room and flushed faces of players looked up with anxious expressions to see what the result would be. The argument caused the excitement. Six voices chimed in a discussion which flew fast and furious.

They're playing last month's game and they're cheating. "Bank 'em! Just like a bunch of women!" "What do you know about that, winning that 'pot' on a pair of sevens?" came from the dark woman from Hayward. "A big bluff!" contributed another. "Go, what a game!" from a third. "For the love of Mike shut up!" and the card game was on. Stop arguing so loud and play cards! Do you want the neighbors to hear you?"

The mention of neighbors quieted down the discussion, but only for a few minutes. It flared up again and again. One woman finally threw down her cards and left the table. After that it was a quiet game. The lady with the accent was getting nervous about the stranger at her table. Finally she gave up and left. "Who told you about us?" she asked while a new hand was being dealt. Once more the question was evaded. The fifth hand was an "ace pot" and it took a dollar just to "look in."

Somewhere had opened the "pot" and conversation was necessarily discontinued. So it was all through her travels the investigator found. The women who had played in large parties at the card halls closed by the city had been driven out of existence by the police of the council—the players had mostly been scattered to new surroundings.

A heated argument broke into the air of the card room and flushed faces of players looked up with anxious expressions to see what the result would be. The argument caused the excitement. Six voices chimed in a discussion which flew fast and furious.

They're playing last month's game and they're cheating. "Bank 'em! Just like a bunch of women!" "What do you know about that, winning that 'pot' on a pair of sevens?" came from the dark woman from Hayward. "A big bluff!" contributed another. "Go, what a game!" from a third. "For the love of Mike shut up!" and the card game was on. Stop arguing so loud and play cards! Do you want the neighbors to hear you?"

The mention of neighbors quieted down the discussion, but only for a few minutes. It flared up again and again. One woman finally threw down her cards and left the table. After that it was a quiet game. The lady with the accent was getting nervous about the stranger at her table. Finally she gave up and left. "Who told you about us?" she asked while a new hand was being dealt. Once more the question was evaded. The fifth hand was an "ace pot" and it took a dollar just to "look in."

Building Plans for New Bay
School Will Be Discussed

Members of the Board of Education, with Construction Superintendent Marston Campbell, property owners and residents of Golden Gate, have been called to a meeting tonight at the Bay School building to discuss building plans for the Bay School. The Bay School Board of Education has arranged the forum.

Those too small to amuse themselves were cared for in the kitchen. Most of them had been sent to shows as the easiest way to solve their problems.

A bright looking lad of about ten years burst into the room. "When you coming home, Mother?" he asked. "I'm coming," responded Mother with a big black picture hat, hardly glanced at from her cards.

"Run along home," she answered. "Tell Daddy I'll be there in a few minutes."

At 6:20 the few minutes had lengthened into three hours and "Mother" was still betting away in a game of about eleven, a pink bow in her hand. She went to the lady with the accent. "Put on my ribbon Mother," she asked. "In a minute," responded Mother and when her hand was finished she adjusted the hair bow.

MOTHER TOO BUSY TO WATCH CHILDREN

"Where have you been, sister?" inquired one of the mothers. "In the snow," she answered. "My daughter and my younger sister disappeared into the street. There were others, too, healthy looking lads and lasses who were out to play. I meant to go to many a parent but not so late. Mother was busy—they knew better than to disturb her."

Again the lady of the house entered. "How many are going to eat with me tonight?" she asked. "It's going to be stew," she confessed. None of the players paid much attention, not that they did not intend to stay, for most of them did, but they were too busy to think of eats at that time.

PET UP YOUR ANGLE GROVELS PLAYERS

It was at this moment that the investigator gave thanks that she had not talked too much at the beginning of the day. The door opened and a woman entered. "Hello, Mrs. A," called the players familiarly. A panicky sensation seized the investigator for this was the very woman whose name she was told to use. "Hello, Mrs. A," called the players familiarly. A panicky sensation seized the investigator for this was the very woman whose name she was told to use.

She didn't know the woman, had never seen her before but she had been informed that she was the one who had card game and it was safe to use her name. Supposing she had! But she hadn't said she sent up mental thanks for her close call.

Her praise-giving was short-lived, however. She was called down to earth with a bump. "It's your deal, groveler! The lunch at the table!"

But it was not in the heart of the one who had committed the serious offense of forgetting to "ante" that fear existed. "Anne," she said, "won't you stand up and tobacco smoke made the air heavy. Not a single window was open; all were securely locked. But why air? Better by far to suffocate to

death than to have the sounds of a poker game waft out into the street.

Suddenly someone switched on the lights for it was getting dusk. Like a shot from a gun "Frank" leaped to his feet. He rushed to the windows. Every shade was drawn down securely. Not an inch of space was allowed which could afford even the faintest glimpse from the street into the room of card-players.

It was 6:30 o'clock and the smell of stew filled the flat. For five and one-half hours the investigator played poker in the stuffy house. Her head reeled. She needed it and she decided to quit. The rest of the players, from their remarks, were to be there until midnight. What few chips she had lost the investigator gathered up. She didn't know exactly what to do with them so she carried them out to the kitchen where the lady of the house was "dishing up" dinner. Carelessly she dropped the chips on the table.

"I'm sorry but I must be going," she smiled. "How much do I owe you for the game?"

"Not so much,"

"Sadie," it was learned later had lost \$12.50 that day or five dollars more than the sum contributed by the investigator who was a novice at the game.

Both the lady of the house and "Sadie" gave vent to their curiosity again. Questions came fast and furious. This was not place to be under such circumstances and a hasty exit was planned under the plea of an "engagement. Two babies were playing on the kitchen floor. They had to be gingerly stepped over by the departing guest.

INVITATION TO NEW GAME GLEEN

At the door the investigator stopped. "When do you play again?" she queried. "On Thursday," came early; we began at 12 o'clock," called Mrs. A. Sunday was also Mrs. A's "day at home" it was learned later in addition to Tuesdays and Thursdays.

Once in the street the investigator ran—not from fear this time—but with the joy of being
